The above copies of serials are being submitted pursuant to FBIHQ instructions contained in referenced airtel to Albany, 7/19/77, requiring a thorough review of all main and sub files regarding the Black Panther Party (BPP) and the ten named plaintiffs subsequent to 1/1/74. All of the above serials include intraoffice memoranda which were originated by the Louisville Division.

No references are being submitted at this time. No ELSUR logs or bulky files subsequent to 1/1/74 are in existence in the Louisville Division. Main and sub files containing public source material such as local newspaper clippings are not being submitted at this time.

Referenced Louisville teletype to the Bureau, dated 7/8/77, set forth information indicating an estimate of approximately 975 pages pertaining to the BPP since 1/1/74 are maintained in the Louisville Division. The tabulation included investigative data contained in LS 157-811B, Serials 1-36C and LS 157-811C, Serials 1-29B. At the conclusion of the survey conducted on 7/8/77, the above files were returned to closed files. Apparently, the files were inadvertently misfiled as LS 157-811C and LS 157-811B, Serials 1-29B, are now missing. LS 157-811A contains copies of "The Black Panther Party" newspaper and LS 157-811B contains the identities and locations of BPP chapters throughout the country. The contents of LS 157-811C are unknown.

The above files have been placed on special locate in the Louisville Division. Once the files are located same will be reviewed and if appropriate, copies will be expeditiously provided to the Bureau.

The Departmental Attorney also requested that all documents relating to this discovery request dated after 1-1-74, be immediately prepared for production. Estimated page count, man-hour requirements, and cost set out.

Butel 7/6/77.

Captioned lawsuit was filed in the U. S. District Court, District of Columbia, on 12/1/76, alleging conspiracy on the part of certain high level Government officials to ruin the Black Panther Party (BPP) politically and financially. Plaintiffs have served a broad discovery request upon the defendants which the Court has ordered completed by 9/25/77.

In view of the deadline imposed by the Court in this case and due to the fact that the hearing of defendants' motion to suppress discovery may not be heard for at least one month and then could be denied, the Departmental Attorneys have requested that discovery procedures be immediately implemented on all material regarding the plaintiffs in this matter dated 1/1/74, or subsequent thereto.

MAILED 24  
JUL 20 1977  
FBI

In order to preclude unnecessary duplication of effort, each office should review all main and sub files regarding the BPP and the ten named plaintiffs subsequent to 1/1/74, and send FBIHQ two good Xerox copies of each communication (including intra-office memoranda) which was originated by that office. Each communication should be individually stapled and submitted to FBIHQ in date order, beginning with 1/1/74.

Re: Black Panther Party, et al. v.  
Edward Levi, et al.

No references, bulky files, or ELSUR Logs should be submitted at this time. These items will be requested at a later date after the Departmental Attorney has made a decision regarding the necessity of producing this type of material. Each office should advise FBIHQ in the cover airtel submitting requested documents of the existence of ELSUR Logs subsequent to 1/1/74, and of the type of material maintained in bulky files by that office. If a sub file contains only public source material, such as newspaper clippings, do not furnish it at this time.

No excising should be done by the field offices since the enormous volume of material to be prepared would not allow some offices to carry out normal investigative duties. All material will be reviewed for proper classification and excisions by the Special Projects Review Unit, Special Investigative Division, at FBIHQ.

All offices are to complete this review and submit requested documents to reach FBIHQ by 8/8/77. In addition, sufficient manpower should be assigned to complete this review at an earlier date, if possible. Any office unable to meet this deadline should furnish a progress report giving an estimated time of completion.

Cover airtels for the documents should be marked for the attention of SA  Special Projects Review Unit, Special Investigative Division.

For assistance, the plaintiffs in this case are set out as follows: Black Panther Party, Huey P. Newton, Elaine Brown, Donald Freed, Berton Schneider, Thomas Gladwin, Flora Gladwin, John George, Father Earl Neil, John Huggins, and Elizabeth Huggins.

Seattle has separated the files for the convenience of the Bureau into the Seattle mail file, 157-807, the BPP sub-file on communications and sub-file on finances. A review of all other sub-files on the BPP and the plaintiffs indicated there were no serials in file since 1/1/74.

TO: Mr. Clarence M. Kelley  
Director  
Federal Bureau of Investigation  
Attention: Legal Counsel Division

Please find enclosed a copy of the protective Order entered in the Dellinger case on February 26, 1974. Although the Order does not specifically prohibit the Bureau from releasing documents involved in the Dellinger case, we have, since its entry, not released documents without first seeking the approval of the Court by way of motion to modify the protective Order.

It has recently come to our attention that 14 documents concerning the Bureau's electronic surveillance of the Black Panther Party in New Haven, Connecticut were released to the press, pursuant to the Freedom of Information Act, 5 U.S.C. §552, on April 20, 1977. Those documents are covered by the Dellinger protective Order.

In view of the enclosed protective Order and the recent filing of Black Panther Party v. Levi, challenging, inter alia, the Bureau's investigation of the Black Panther Party, we would appreciate your coordinating any further releases of materials involving the Party under the Freedom of Information Act with this office.

CIVIL ACTION NO. 76-2205

**PURPOSE:** To advise Records Management Division (RMD) to file all attached communications as enclosures to this memorandum in order to avoid unnecessary clerical work.

**SYNOPSIS AND DETAILS:** Captioned lawsuit was filed in U. S. District Court, District of Columbia, on 12-1-76, alleging conspiracy on the part of certain high-level Government officials to ruin the Black Panther Party (BPP) politically and financially. As a part of a rather broad discovery request on the part of the plaintiffs, FBIHQ instructed each field office to submit an estimated number of pages contained in their files regarding the BPP. Each field office responded, primarily by teletype, and the figures contained therein were collected and placed on a work sheet, one copy of which is attached hereto. Since all information contained therein has been collected in summary form, it is felt unnecessary that each individual teletype should be serialized and, therefore, one copy of each teletype is being attached hereto.

In the following computations, master files,  
subsections, cases in which Black Panther Party appears in

measuring. The SA and clerical time figures, however, are  
reached assuming that Philadelphia would be required to  
review only the material which originated here but would  
also be required to mark recommended deletions, arrange  
complete xeroxing, dictate cover communications, etc.

destroy the BPP. Plaintiffs served a broad discovery request and the court ordered discovery completed by 9-25-77. This is an unrealistic deadline in view of the voluminous documents to be processed. It has been estimated that there are approximately 1.5 million pages of material in the records of the Bureau concerning the BPP and ten named plaintiffs in this suit.

SPRU, which is handling this suit, is composed of eight Agents and six legal clerks in addition to other clerical and secretarial support personnel. However, by memorandum dated 7-22-77, captioned as above, GJL:rsm, approval was given to select 29 additional clerks to be trained for SPRU in connection with file reviews. This will result in 35 legal clerks and/or legal technicians assigned to the Unit to handle the BPP suit, as well as the other 35 civil suits assigned to this Unit, including the Socialist Workers Party, Jane Fonda, and Daniel Ellsberg suits, to name but a few.

Clerical personnel in SPRU are currently utilizing xeroxing equipment on an "equipment available" basis in various parts of the building. The need for xeroxing equipment, such as the Kodak-Ektaprint (copier-duplicator) with 100 Feeder, is obvious. In addition, with 29 additional legal clerks and/or legal technicians being added to the unit to review voluminous files, it is also evident that more space must be found for personnel in this Unit, hopefully in one area. It is noted that personnel in SPRU is currently located in three different areas, i.e., Room 4440, Room 4238, as well as on the other side of the building in Room 3852.

Based on the above, it is highly desirable that these matters be discussed for the purpose of making current and long-range plans to meet our responsibilities in these areas.

BUDED: 11/21/77

ReFBIHQ airtel to all offices 7/19/77.

Captioned lawsuit was filed in the U.S. District Court, District of Columbia, on 12/1/76, alleging conspiracy on the part of certain high level Government officials to ruin the Black Panther Party (BPP) politically and financially.

As a result of negotiation between Department Attorneys and the plaintiffs' attorneys regarding the original document requests made by the plaintiffs in this matter, all previous document requests made in this matter by the plaintiffs have been withdrawn without prejudice. The defendants' motions for a protective order and a litigation schedule have also been withdrawn without prejudice.

A stipulation has been made and signed by attorneys for both sides which states in part as follows:

REC-6 62-117442-174

"The FBI will produce all documents, which are not subject to objection, captioned under the name of plaintiff Huey P. Newton, which have been originated by FBIHQ and the California Field Offices of the FBI from 1973 to the present date." (Emphasis added) This production must be accomplished within 90 days.

Re: Black Panther Party, et al. v.

While it is realized that this is just the first wave of document production and several more waves will undoubtedly follow, this stipulation represents a considerable narrowing of the original document requests made by plaintiffs in this matter.

Therefore, each receiving office is instructed to review all main files regarding plaintiff Huey P. Newton and forward to FBIHQ two clean, readable Xerox copies of documents contained therein captioned "Huey P. Newton" or variations thereof which were originated by your office between 1/1/73 and 1/1/74. FBIHQ has already received all information from your offices subsequent to 1/1/74 fitting the above requirements as a result of reairtel.

Each office is further requested to determine if any electronic surveillance was directed at Huey P. Newton subsequent to 1/1/73 at his residence(s) and provide appropriate logs, if necessary.

Each office should submit two identical sets of documents on file backs arranged in date order. These should be submitted under cover airtel marked for the attention of Special Agent [redacted] Special Projects Review Unit, Special Investigative Division. Material should be sent to reach FBIHQ by 11/21/77. No excision or classification review need be conducted by your office.

NOTE:

As result of a stipulation between attorneys for defendants and plaintiffs, material re plaintiff Huey P. Newton for year 1973 from California Field Offices is required for discovery. Buded of 11/21/77 set in view of 90-day deadline for production of all material.

 CIVIL ACTION NO. 76-2205

Re Louisville airtel to Bureau, 8/5/77, and Louisville letter to Bureau captioned, "Missing Files and Serials, Field Divisions", dated 9/30/77.

Referenced Louisville airtel to Bureau, 8/5/77, reflects that LS 157-811C, Serials 1-29B and LS 157-811B, Serials 1-36C were unable to be located at the time copies of other pertinent serials were furnished to FBIHQ.

Re Louisville letter to Bureau, captioned, "Missing Files and Serials, Field Divisions", dated 9/30/77, reflects that Louisville has conducted extensive search for above missing files with negative results. Louisville believes that perhaps files in question were inadvertently sent to Bureau with xeroxed copies of same in connection with review conducted re captioned matter. Bureau has been requested to check material previously furnished by Louisville in connection with captioned matter in view of above.

Upon location of above files, same will be expeditiously reviewed and copies provided Bureau if appropriate.

Re Louisville airtel to Bureau dated 10/4/77.

Referenced communication reflects that Louisville Division has been unable to locate LS 157-811B (Serials 1-36C) and LS 157-811C (Serials 1-29B), which had been previously reviewed in connection with captioned matter.

Extensive search of Louisville Division files has resulted in the location of two separate volumes described as follows:

1. LS 157-811B (Serials 29C-36C)
2. LS 157-811C (Serials 1-29B)  
 All serials contained within LS 157-811C are designated for LS 157-811B except for last, which has been changed to "C", as has file cover. (Subfile "C" has never existed and file cover erroneously designated as same)

REC-94 62-117442-176

In view of above, it appears that LS 157-811C (Serials 1-29B) should actually be Volume I of 157-811B (Serials 1-29B)

**POSITION CLASSIFICATION MATTERS**  
Two Noninvestigative Positions

Rememos [redacted] to Mr. Fehl, 6-10-77,  
7-18-77, and 8-15-77.

Special Investigative Division personnel (specifically, Supervisory Special Agent [redacted] of Special Projects Review Unit (SPRU)) advised that duties and responsibilities assumed by the legal clerks assigned to SPRU are as outlined in description for position Legal Clerk GS 5, GS 0986-05-77-09-149, located in Special Case Review Unit, Name Check Section. SRA [redacted] advised that duties and responsibilities as shown in description for position Legal Technician GS 7, GS 0986-07-77-09-150, are in line with manner in which he intends employees to operate at such time as they have gained the necessary expertise to function at the GS 7 level.

b6  
b7c

In view of the above, records are being adjusted to show positions Legal Clerk GS 5, GS 0986-05-77-09-149, and Legal Technician GS 7, GS 0986-07-77-09-150, functioning in SPRU in addition to Special Case Review Unit (SCRU). Please adjust your copy of each description by inserting on line 1.b. Special Project Review. Organizational chart should be adjusted to show these additional positions now serve in SPRU with an asterisked notation stating that the GS 5 and GS 7 positions also serve SCRU. Organizational chart for SCRU should be adjusted by use of an asterisked notation to show the GS 5 and GS 7 positions also serve in SPRU.

It was recommended that incumbents of above positions be trained to conduct classification reviews. It appears that assumption of classification review duties is on a temporary basis only and action is unnecessary to descriptions at this time. Should decision be made that these classification reviews are to be performed on a permanent basis by incumbents of above mentioned GS 5 and GS 7 positions, appropriate descriptions should be forwarded for classification study.

PURPOSE: To request a file review of all documents furnished, or made available to, the Church Committee by the FBI relating to Paragraph 3(c) of Plaintiffs' Third Request for Production of Documents, attached hereto.

SYNOPSIS AND DETAILS: Captioned lawsuit was filed in the United States District Court, District of Columbia, on 12/1/76, alleging conspiracy on the part of certain high-level Governmental officials to ruin the Black Panther Party (BPP) politically and financially. The Complaint demands an excess of one million dollars in general and punitive damages, plus statutory damages for electronic interceptions provided in Title 18, USC, Section 2520. The Government and the plaintiffs have entered into a stipulation wherein they agreed that discovery in this action would proceed in waves with plaintiffs' substituting the attached Third Request for their previous document request. Defendants will have three months to respond to this request with documents being released as they become available, and at least once every month during this three-month period. Specifically, Paragraphs 2, 3, and 4 deal with documents in the custody of the FBI.

Attention: Legal Counsel Division

Enclosed are a copy of Plaintiffs' Third Request for Production of Documents and a copy of a Stipulation concerning discovery in the above referenced case. The Stipulation requires the plaintiffs to withdraw their Second Request for Production of Documents, and it grants the defendants 90 days from November 2, 1977, in which to respond to the plaintiffs' Third Request. During this 90 day period, the defendants are required to release documents as they become available but not less than once every thirty days. It is our understanding that the documents requested by the plaintiffs can be produced by each of the agencies involved in this action within the specified time period.

We request that you begin immediately the process of identifying, locating and assembling the documents sought by the plaintiffs. We have enclosed a set of guidelines concerning the excision of certain information. You should note that the enclosed Stipulation contains a stipulated protective order with respect to the release of information about third parties who are not involved in this litigation. Because of this voluntary protective order, such information need not be excised from documents produced in response to the plaintiffs' Third Request. You should also note that the enclosed Stipulation requires the FBI to produce as quickly as possible all documents captioned under the name Huey P. Newton in exchange for the plaintiffs agreement to suspend Mr. Newton's pending FOIA request. If you have any questions about this agreement or about the excision of information, please contact [redacted]

Because of the parties' agreement to expand the normal 30 day response period to 90 days, it is our belief that additional time for responding to the plaintiffs' Third Request for Production of Documents will be extremely difficult to obtain. Accordingly, we request that you utilize all available resources to complete your response within the 90 day period. When documents become available for production, we request that you contact one of the above mentioned attorneys assigned to this case so that arrangements can be made for release of the documents to the plaintiffs. Objections to the plaintiffs' Request should be communicated to this office as soon as possible so that such objections can be included in the Government's final response to the Request.

PURPOSE: To request a file review for documents responsive to Paragraph 3(a) of Plaintiffs' Third Request for Production of Documents, a copy of which is attached hereto.

SYNOPSIS AND DETAILS: Captioned lawsuit was filed in the United States District Court, District of Columbia, on 12/1/76, alleging conspiracy on the part of certain high-level Governmental officials to ruin the Black Panther Party (BPP) politically and financially. The Complaint demands in excess of one million dollars in general and punitive damages, plus statutory damages for electronic interceptions provided in Title 18, USC, Section 2520. The Government and the plaintiffs have entered into a stipulation wherein they agreed that discovery in this action would proceed in waves with plaintiffs substituting the attached Third Request for their previous document request. Defendants will have three months to respond to this request with documents being released as they become available, and at least once every month during this three-month period. Specifically, Paragraphs 2, 3 and 4 deal with documents in the custody of the FBI.

ADDENDUM: CRIMINAL INVESTIGATIVE DIVISION (CID) PEN:tac 12/12/77

The Domestic Security - Terrorism Section (DS-T) of the Criminal Investigative Division (CID) will make available to the Legal Counsel Division, Special Agent [redacted] for the purpose of consultations in locating documents in response to requests by plaintiffs in this matter. It is noted that in a previous conference attended by personnel of the DS-T Section, CID; the Legal Counsel Division; Deputy Associate Director Mr. J. B. Adams and personnel of the Special Case Review Unit, with respect to the handling of the massive lawsuit brought by the American Civil Liberties Union (ACLU), Mr. Adams specifically instructed that the substantive divisions within the CID were not to become involved in undertaking of extensive file research necessary to locate Bureau documents in conjunction with any civil litigation matters. The request for the location of documents contained in the attached would entail many man-hours of file review and research which, in addition to being contrary to instructions by Mr. Adams, would undoubtedly tie-up a number of agent and clerical personnel whose present assignments are the handling of substantive Domestic Security and Criminal matters.

b6  
b7C

It is therefore the opinion of the DS-T, CID, that appropriate file research involved in this request be handled by personnel of the Legal Counsel Division with, as indicated above, the able assistance of SA [redacted]

On 9/8/77, AUSA ERIC SWENSON, San Francisco, appeared in captioned court and requested a delay under 28 CFR, Section 16.25. Matter continued until 9/29/77 at 1:30 p.m.

USA JAMES BROWNING, San Francisco, has been in touch with Departmental Attorney [redacted] Civil Division (ext. 4686), who is apparently going to coordinate this matter.

b6  
b7C

It has been suggested to USA BROWNING that subpoena should be resisted under the theory of a complete lack of relevance between the [redacted] and the murder of KATHLEEN SMITH on the one hand, and the allegations against the FBI contained in documents filed in support of captioned subpoena on the other hand.

In anticipation of this approach being taken at a later date, San Francisco has reviewed office indices and files on the following individuals:

KATHLEEN SMITH  
Negro  
Female

(homicide victim)

San Francisco review determined that none of the above individuals were ever employees or informants of the FBI, and none have ever been personally contacted by or in contact with Bureau Agents. San Francisco requested similar search be conducted on above individuals, excluding [redacted] by Name Check Section at FBI Headquarters. On 9/9/77, FBI Headquarters advised indices negative on above individuals.

At USA BROWNING's suggestion, affidavits being prepared at San Francisco regarding above file review results for possible future use in resisting subpoena.

Bureau will be kept advised of further developments.

PURPOSE:

To set forth certain current and anticipated needs of Special Projects Review Unit (SPRU), Name Check Section (NCS), Special Investigative Division (SID), in connection with civil suit filed by Black Panther Party (BPP) in U.S. District Court (USDC), Washington, D.C., 12/1/76.

SYNOPSIS:

BPP filed a civil suit in USDC, Washington, D.C., 12/1/76, alleging the FBI and other Government agencies and officials conspired to destroy BPP. Court ordered that discovery be completed by 9/25/77. Survey of all offices and Legats determined approximately 1.5 million pages of material exists concerning BPP and ten named plaintiffs. Considering unrealistic deadline, Departmental Attorney requested the Bureau begin processing for production those documents dated after 1/1/74. Six Legal Clerks from various Divisions have been recommended for assignment to this Unit to handle reviews. Estimate of number of additional Legal Clerks needed to process material set forth. As an example, 35 Legal Clerks reviewing 175 pages per day could complete review of estimated pages in approximately one year.

DETAILS:

The BPP filed a civil suit in USDC, Washington, D.C., on 12/1/76, alleging a conspiracy on the part of the FBI and other Government agencies and officials to destroy the BPP. Plaintiffs served a broad discovery request and the court ordered discovery completed by 9/25/77. This is an unrealistic deadline in view of the volume of documents to be processed.

Following a request by Departmental Attorney to determine the estimated number of pages of documents involved in this request, it was ascertained from a survey of all offices and Legats that there exists in our records approximately 1.5 million pages of material concerning the BPP and ten named plaintiffs. The total time to process this material was estimated to be 66 man years at a cost of \$1.2 million. This did not include the cost for certain supervisory Agent personnel.

Considering the unrealistic deadline imposed by the court and the fact that hearing to urge the court to narrow discovery may not be heard for at least one month and even then be denied, the Departmental Attorney requested discovery to be immediately implemented utilizing a two-phase system, i.e., all material subsequent and prior to an arbitrary date of 1/1/74.

Memorandum to Mr. Fehl  
Re: Black Panther Party, et al. v.  
Edward Levi, et al.

By memorandum [redacted] to Mr. Fehl,  
dated 7/18/77, prepared by GJL/rsm, six employees  
currently assigned to various Divisions at FBIHQ were  
recommended for transfer to SPRU, NCS, SID, effective  
8/1/77, to begin review of material which the field has  
been ordered to immediately furnish FBIHQ.

b6

In anticipation of the necessity to assign  
additional Legal Clerks (GS-5) and/or Legal Technicians  
(GS-7) to assist in reviewing documents for production,  
the following sets forth an estimate of time required to  
complete the review of these documents based on projected  
number of analysts assigned to the project each  
reviewing 175 pages per day:

<u>NO. OF ANALYSTS</u>	<u>WORK DAYS POST 1974</u>	<u>WORK DAYS PRE 1974</u>	<u>TOTAL DAYS</u>	<u>TOTAL YEARS</u>
6	82	1370	1452	5.8

20	24	411	435	1.7
25	20	328	348	1.4
35	14	235	249	1 yr.

Above work days and figures are based on having  
material constantly available for review. This does not take  
into consideration the needs for classification review by  
personnel in the Document Classification Review Unit, RMD.

Memorandum to Mr. Monahan  
Re: Black Panther Party, et al. v.  
Edward Levi, et al.

In order to afford employees in GS-3 and above the opportunity to receive consideration for selection in the position of legal clerk (GS-5) and/or legal technician (GS-7), it is felt that the examinations (4 parts) previously given in connection with staffing FOIA/PA and SCRU should be afforded to those interested employees who, for one reason or another, did not take these examinations at the time they were previously given. This will provide a larger base of qualified employees available for selection in these positions and hopefully containing some employees with experience in security work or file reviews. Since discovery in captioned matter has been ordered by U.S. District Court, Washington, D.C., testing of employees should be done as soon as Finance and Personnel Division can make necessary arrangements. Thereafter, SPRU will afford an additional legal test to those who are considered as qualified candidates. It is noted that the scores made by those employees taking the new four part examination will be integrated into the list setting forth scores achieved by those individuals taking the examination previously.

This matter has been coordinated with [redacted]  
[redacted] Applicant and Placement Unit, Finance and Personnel  
Division.

On 2/26/73, the Department of State furnished information for limited official use that [redacted] (PROCTOR) has informed the Department of State that BUDY P. NEWTON was to visit Oslo, Norway on 3/6/73 and 3/7/73. NEWTON was to be in Copenhagen on 3/2/73, then proceed to Stockholm, Oslo, and Helsinki. The Norwegian Student Union planned to arrange a press conference for NEWTON, and had requested an appointment at the Foreign Ministry (which was expected to be granted, at a low level, because of what was described as the Ministry's "open door" policy).

On 3/5/69 ATFD advised it is most appreciative of the counterintelligence potential of this suggestion; however, ATFD does not feel implementation of this suggestion is feasible at a headquarters level.

ATFD representatives advised that ATFD is not a centralized organization and headquarters does not have the authority to dictate to its local offices. Also, ATFD feels this suggestion might hamper investigative efforts in individual cases.

He is most anxious to identify this individual. Efforts are being made to identify her through logical sources and close liaison is being maintained with Inspector DOOLEY.
