To Ray Miller for follow-up.

June 19, 1980

Dear Mr. Macy:

Enclosed is a list of establishment figures in ten cities who serve on United Way Boards. Also enclosed is a list of the national United Way Board members.

These individuals are volunteers in the United Way movement who have demonstrated by their membership in the movement that they have more than a casual concern for the well-being of their cities.

These are the kind of leaders whom I had in mind when I spoke about getting establishment involvement in discussions of ways and means to prevent disturbances in urban centers. We in the administration have good relations with the elected public officials but we could improve our contacts with the private sector leaders.

The enclosed lists are, of course, incomplete. There are many more "shakers and movers" who call the tune in the cities. This is just a start for some kind of out-reach program we might undertake.

Sincerely,

Louis Martin  
Special Assistant  
to the President

The Honorable John W. Macy, Jr.  
Director, Federal Emergency  
Management Agency

MEMORANDUM FOR THE PRESIDENT

FROM:

LOUIS MARTIN 

SUBJECT:

URBAN UNREST/RACE RELATIONS

For material for our monthly Fact Sheet, we make an administration-wide review of policy and program developments that seem most directly relevant to the concerns of our constituency. We also regularly canvas the Black national and community based organizations to update our assessment of Black interests. Further we try to pick up any signals of significance from our large volume of mail.

It is clear that the concerns of Blacks today cover a much wider range of government activity than we found in the decade of the 60s. There is now almost as much interest in affairs handled by the Department of Commerce as in the activities of the Department of Human Services. It is also clear that Black Americans today are far more cynical about good intentions proclaimed by government. Despite the greater cynicism, the old adage that there is nothing longer than the hope of a poor man still seems to be valid.

Last week we received a good response from Black leaders over the successful fight of the administration for the passage in the House of the amendment to the Fair Housing Law. These leaders were cooperative in the lobbying efforts and gave us the kind of support we sought. This major civil rights victory came at a time when some encouraging news was most welcome. The leaders are now mobilizing their troops for the contest in the Senate. Community excitement over the House victory was tempered somewhat by the realization that more money is needed to exercise housing rights.

The recent riot in Miami, the shooting of Vernon Jordan and the increasing visibility of Ku Klux Klan have served to magnify the fears of Black and White leaders over the prospect of a long hot summer.

As was true in most of the disturbances in the 60s, the riot in Miami was preceded by an extended period of hostility between the police and the Black community. Charges of police violence and racism in the criminal justice system were ignored or brushed off by the White establishment and by the local government. Police brutality was the trigger. Other factors, unemployment, refugee problems, etc., were provocative elements, but nothing leads to citizen violence quicker than police violence.

2.

It is impossible to overstate the importance of police behavior in the ghettos of the country, especially if the police are White. For many Blacks the White cop is regarded as the "enforcer" of the doctrine of White supremacy. Blacks, especially the youth, can be expected to step up their war against a criminal justice system that is openly and avowedly racist.

The White House Task Force on Urban Unrest which was organized after the Miami riot is assessing the situation and making recommendations which should receive administration-wide support.

It is my hope that the administration will seek greater involvement of the private sector, especially the business and corporate leadership, in the domestic peace-making process. The so-called White establishment in addition to the local government has a responsibility that arises from their power to influence community affairs. The private sector is always called after a riot.

In Miami the White establishment acknowledged that the plight of Liberty City was ignored, the relationships between Black and White leaders were minimal and the protests over police brutality and the criminal justice system were not taken seriously.

In my presence the head of a major Miami bank asked the Urban League Director if it would be helpful if the business leaders took out a full page newspaper advertisement in which they would apologize for having ignored Black affairs.

City officials, including mayors and city councilmembers, are generally more responsive to the views and recommendations of the business leadership than they are to minority leaders. Further, the businessmen, especially the bankers, represent the market for the municipal bonds.

The administration enjoys a good relationship with most of the mayors and local governmental officials. We can, I believe, enhance the chances of urban peace by promoting greater involvement of the private sector in developing better communications and better relationships between the white establishment and the ghetto citizens. A stronger partnership between local government and the business leaders in a common effort to resolve racial and economic problems and strengthen the forces of goodwill is possible.

In Miami, it was said that there were no effective Black leaders. One of the elements of minority leadership is the ability to influence and obtain some response from the all-powerful majority establishment. When Blacks who aspire for leadership are totally ignored, the rank and file of Blacks eventually conclude that the only power they have is the power of disruption.

The administration can render an important service by taking a strong role in enlisting the help of the private sector, the national and local business and corporate leaders, in the attack on urban problems.

This task is undertaken to some extent by the Community Relations Service of the Department of Justice, by the National Urban League, the National Urban Coalition, which grew out of the riots of the 60s, and other organizations. Indeed, we should continue to support their efforts.

Nevertheless, I believe greater and more dramatic efforts are needed in this critical period of economic decline and increased Klan activity. Just as the administration has worked with the mayors of each city, I think the private sector leaders of each of the major cities should be invited to the White House to win their active support for efforts to meet the challenge of urban unrest.

It should be noted that five out of every six jobs in the society are developed by the private sector.

In the troubled 60s the paramount concerns of Blacks centered around some basic civil rights issues, notably public accommodations and voting rights. Civil rights issues are still on the Black agenda today but the greatest concern by far revolves around economic issues. Unemployment is the most critical issue today and it is generating an almost revolutionary spirit among Black leaders who heretofore have shown some moderation in their protests.

The groundswell of fear and anger over unemployment has been fueled by the constant attacks by our political opposition. These attacks on the administration's economic policies are headlined and feature in the media every day. Our strong supporters such as Representative Charles Rangel of New York have warned us of the agony being expressed in their areas over unemployment and poverty. He is urging strong rhetoric from the President indicating that he understands the severity of the problem and intends to do something about it.

Unemployment is political dynamite. Those who counsel tighter economic policies that impact upon minorities and the poor are digging our political grave. Apart from any political considerations, there is nothing in the record to prove that their counsel is good for the country on either a short term or long term basis.

4.

Taken as a whole the administration's record is hailed by most Blacks as progressive. The Black appointments, especially to the federal judiciary, and most of the programs for the disadvantaged have won acclaim. It is the unemployment issue, despite the increase in CETA, the new Youth Employment initiatives and other programs, that is becoming a rock upon which everything threatens to break.

Thank you for your recent letter expressing concern that a Black candidate be appointed U.S. Attorney for the District of Columbia. We have noted your concern.

Dear Ms. Maitland:

I am responding to your recent letter to President Carter expressing concern over the impact of his inflation fighting program on Blacks.

I understand the anguish you are experiencing in your attempt to find employment and regret that I can not offer an easy solution. In balancing the budget, the President has made a serious attempt to leave in tact those programs whose beneficiaries include many poor or minorities. Some of those programs are described in Fact Sheet 111 which is enclosed.

There are many Members of Congress who believe that the budget is too liberal and are attempting to make further cuts. I hope you will communicate your concern to them so that the negative impact of controlling inflation can be minimized.

Best wishes and thanks for your interest in writing.

My office (112 East Wing) is in immediate need of two additional typewriters: one memory and one Correcting Selectric II typewriter.

The one memory typewriter now in daily use in the office is not a new machine and requires frequent maintenance, thus rendering it inoperable at times when it is most needed.

One additional Correcting Selectric II typewriter is also needed, since additional personnel have been detailed to the staff since the original typewriters were acquired.

I would very much appreciate your help in this matter. Many thanks.

Washington, D. C. 20500

Dear Dr. Eisenstadt:

This is to enlist your participation in the Spring Consultation of the Congress of National Black Churches to be held in Washington, D. C. on Wednesday, May 28, 1980 at the Loews L'Enfant Plaza Hotel.

First, a word about the Congress of National Black Churches. It is a unique and original body comprised of key leaders from the seven historic Black denominations: African Methodist Episcopal, African Methodist Episcopal Zion, Christian Methodist Episcopal, Church of God in Christ, National Baptist Convention of America, National Baptist Convention U.S.A., Inc. and Progressive National Baptist Convention, Inc.

The Congress came into being as a result of an Interdenominational Dialogue Among Black Churches in Indianapolis in 1978, under the auspices and initiative of the Lilly Endowment, Inc. Its purpose is to provide a forum and vehicle to enable Black church leaders and their denominations to collectively address problems and issues of common concern and to select priorities and develop a united and coordinated agenda for action.

We would like for you to address the group regarding current issues in urban policy, particularly as it affect black communities. We hope that you could spend a one-hour period with us, during which you would make a presentation and then engage in discussion and answer questions from the church leaders. We wish to schedule your presentation from 10 - 11 A.M. on Wednesday, May 28 at the Loews L'Enfant Plaza Hotel.

I am sure that you agree that the Black church is an institution with great influence in the Black community and represents a boundless potential for the future if its voice and actions are focused and coordinated.

Dr. Stuart Eisenstadt

Dear Tom:

Please accept this letter as my personal recommendation of Dr. James N. Upton for a staff position with the Legislative Service Commission.

Jim and I were classmates in the Doctoral Program in Political Science at the Ohio State University. He was an outstanding student and we worked very closely together in doing the research for his dissertation. I think that he possesses all of the skills necessary to contribute substantially to the work of the Commission. His personality and character are outstanding and his sincere desire to work in the legislative arena should only enhance his contributions towards the work of the L.S.C.

In summary, I strongly recommend Dr. Upton without any equivocation. If you desire further information from me regarding his background or character, please do not hesitate to contact me.

Dear Mr. Walle<sup>e</sup>:

It has just come to my attention that my very good friend, Mr. Ben Johnson, is being considered for a position with the National Credit Union Administration.

At the risk of being presumptuous, I would most sincerely recommend Mr. Johnson for this position.

Through the years, Mr. Johnson and I have worked together on various projects and I was amazed and impressed by his tremendous leadership abilities. We were involved together on various political and civic committies and whenever a high-level decision had to be made, Mr. Johnson was there with a solution. For many years he has been in a position of management and I feel his sincerity and dedication were the prime reasons that any given problem was successfully resolved.

While in South Bend, Mr. Johnson was heavily involved with credit union activities and, on the local scene, many of his ideas are still governing the conduct of credit unions.

I am proud to say that I can consider Ben a good personal friend and someone I can call on for assistance when I have a problem, either politically or administratively.

I would humbly request your favorable consideration for the appointment of Mr. Johnson to the position.

Dear Mr. Wallete:

It has been brought to my attention that Mr. Robert Benjamin Johnson is under consideration for the National Credit Union Administration Board.

I have known Mr. Johnson over the past twenty years. During this time, I have closely observed his growth and development into a polished leader and administrator.

While in South Bend, Mr. Johnson was constantly in the center of organizing youth and adults into functional and goal-oriented groups. His strong leadership qualities were recognized by agency clergy, and governmental personnel throughout the community. Because of his fairness, openmindedness, and insight, he was frequently called upon for advice, suggestions, and recommendations on a variety of community topics and issues.

As an employee in the South Bend community, Mr. Johnson's administrative traits were most admired. He possesses the ability to recognize and quickly rectify weakness in an organization. His tactful but firm approach with subordinates accounts for the respect he receives thereof.

The administrative skills of this candidate were best manifested as the Director of the South Bend Community Federal Credit Union. Upon assuming this position, Mr. Johnson found himself with an almost insurmountable challenge of reorganizing and rebuilding this Union at all levels-top management, general personnel, board, training, and membership.

Within a very short time span, this credit union had reached the high level of sophistication and developed an image which accounted for a rapid growth in membership and assets.

I have had several conversations with Mr. Johnson regarding credit unions and their rapid growth nationwide. Further, I have been most fortunate to have had the opportunity to hear presentations given by Mr. Johnson on this topic. There is no question about his commitment particularly to community credit unions' concept and growth. He is well versed with their workings and benefits.

If I were in the position to appoint an honest, fair, knowledgeable, industrious, and committed individual who could complement other members of the National Credit Union Administration Board, Mr. Robert Benjamin Johnson would be my unconditional choice. I hope that your final decision on this candidate reflects my opinion of and confidence in him.

I remain available for any further comments at the YMCA Community Service Branch, 1201 Northside Blvd., South Bend, IN 46615, or 219-287-1861.

Charles E. Martin

Memorandum For: Louis Martin

From: Julia Dobbs 

I have spoken to James Currie of the Office of Federal Procurement Policy (OFPP) in OMB and to a representative of Bernard Kulik at SBA regarding progress to date in the implementation of 95-507.

The Implementation Scheme is as follows:

1. OFPP, through regulations, ordered each Federal agency to require that negotiated subcontracting plans be included in every contract covered by 95-507.

This was done in regulations and instructions published in the Federal Register on April 20, 1979, June 18, 1979, July 2, 1979, August 1, 1979, September 7, 1979 and October 29, 1979. It is up to OFPP to police agencies that are not complying.

2. After the Subcontracting Plans are negotiated, contracts signed, and work is begun, SBA officials choose prime contractors for reviews or inspections. If during an inspection, it is found that a prime contractor is not complying with its subcontracting plan, SBA notifies the contracting officer that the prime contractor has breached his contract and that appropriate legal action should be taken.

As of September 1, 1979, only 80 contracts with subcontracting plans had been signed. Work had not begun on any of them, therefore, SBA has not done any reviews. SBA is now in the process of training staff to do the reviews.

SUBJECT: MINORITY BANK PROGRAM

Per the attached memo and conversations with Schenck, I recommend that we move on an announcement of the Minority Bank Program. Of the various options for the ceremonial announcement I recommend that we use a White House setting with Juanita Kreps and you.

Other participants in the ceremony would be representatives from the Department of the Treasury's Bank Deposit Program, the Comptroller of the Currency, and the minority banking community.

Selected general and black press would be invited and a press release should be issued by the Commerce Department.

About 25-35 key people would be invited to witness the announcement. Schenck can provide the guest list.

If you concur, I suggest we move on this as soon as possible. I would be happy to work with Schenck to set it up.

THE WHITE HOUSE  
WASHINGTON

September 29, 1980

MEMO TO: LOUIS MARTIN  
FROM: KAREN ZUNIGA  
SUBJECT: REPORT ON BLACK COLLEGE DAY

The Black College Day March and Rally was attended by approximately 10,000 enthusiastic students and supporters.

Dick Gregory was the first speaker at the Capitol and gave his general speech. Although he did not urge the students to vote, he did encourage them to go back to their homes and register as many people as possible to vote and let the politicians know they are registering to save Black Colleges. Other speakers included Congressmen Fauntroy and Rangel, Council President Arrington Dixon and journalist Vernon Jarrett. The crowd was attentive during these speakers' presentations.

When the moderator announced that the candidates or surrogates would be next, several in the crowd began to boo and jeer. The first speaker represented Anderson. During his remarks, hecklers began to shout and boo. Someone asked about Anderson's civil rights record and his vote on fair housing. Once the Anderson surrogate began trying to defend Anderson as a great friend of civil rights, he was heckled off the platform. Steve Minter was the second speaker. There were a few hecklers but for the most part he was allowed to speak. He read his entire speech which was much too detailed and statistical. I think Minter would have been better received had he tried to establish rapport with the audience rather than deliver a dry, formal speech. He failed to "get-down." The final speaker was Art Teele representing Reagan. He never had a chance to present the substance of his remarks. From the beginning the crowd booed and heckled. Teele instituted the chant "Save Black Colleges" and was able to control the noise at the beginning. However, every time he started to talk about a Reagan Administration, the crowd booed him quiet. Finally, the hecklers began chanting OR-E-O and continued until it seemed as if everybody took up the call. After several minutes of OREO, Teele gave up.

Tony Brown followed and tried to explain why the political speakers had been invited. We left during the rest of Brown's speech. There was plenty of press coverage of the march and as Minter left a television journalist asked for a copy of his remarks. Overall, I think we made the right choice in

having Minter there and I hope the press coverage will show how well received we were relative to the other speakers.

Special Assistant to the President  
West Wing - Second Floor  
The White House  
Washington, D.C. 20500

Dear Louis,

I am writing you on behalf of efforts by James R. Williams, General President of Alpha Phi Alpha Fraternity (APA), and John Johnson of Ebony Magazine to have the third week of May 1979 recognized nationally as Black Business Encouragement Week.

APA will be conducting its annual Black Business Encouragement Program at that time. The fraternity has historically dedicated this period to:

- Encourage Black youth to select entrepreneurship as a career goal;
- Encourage all mature, capable Black community members wanting to go into business for themselves; and to
- Support joint efforts for the growth of existing Black business.

Obtaining President Carter's endorsement would further demonstrate the Administration's understanding and support of efforts to get more Blacks involved in the free enterprise system. Therefore, I urge you to encourage the President to proclaim the third week in May as Black Business Encouragement Week.

Your help and assistance in this matter will be greatly appreciated.

With best wishes,

Sincerely,

Frederick A. Schenck  
Deputy Under Secretary

SUBJECT: NATIONAL BANKERS ASSOCIATION MEETING  
WITH PRESIDENT CARTER

I contacted Tommie Goines, Executive Director of the National Bankers Association, regarding your interest in having them meet with President Carter.

Tommie suggested that their 10 person Board of Directors would be the best body to represent the organization. He will send me the names immediately. He further suggested that sometime in May when he plans a Board meeting in Washington would be the best time for a meeting. Another opportunity will be around June 20-21 when the National Bankers Association will be in town for a legislative conference.

NOTE The NBA wants you to be their luncheon speaker on June 21 during the conference. A letter is on the way.

A final point is that the National Bankers Association did meet with the President over two years ago. They obviously would like another opportunity to talk with him.

SUBJECT: JOHN JOHNSON'S APPLICATION WITH FCC

Booker Wade, Special Assistant to Tyrone Brown, called me today to update us on the John Johnson application with the FCC.

Tyrone Brown has been working on it and believes that the matter will be resolved favorably for Johnson. The only problem at this point is the length of time it will take to settle the matter.

Only a minor engineering problem remains which requires the FCC to waive one of its rules. Paperwork requesting the waiver is being prepared by the staff and a decision can be obtained in about 6 weeks. Wade believes the decision will be favorable to Johnson.

Johnson is aware of the status of his application and its favorable prospects. He is upset that it will take another two months to resolve his application. Although Brown is pushing on it, Wade says the time can't be shortened.

SUBJECT: AGENCY BLACK COLLEGE CONFERENCE INVITATIONS

You ( and in your absence, I) have been invited to participate in two government conferences for Black colleges.

ACTION is having a conference in Atlanta, Georgia on May 8, 1979. The Department of Transportation conference will be in Jacksonville, Florida on May 9 and 10. Both agencies would like your presence and participation.

I have promised to let them know very soon whether you are available or whether I will represent you.

I don't really think that either of us need attend, however, a trip to Atlanta or Jacksonville would allow us to visit some of the colleges in those areas. We have received several invitations to visit college campuses and promised we would be doing that. It really is time to start getting out.

Do you wish to attend one, both, none of the conferences?      Yes      No

Do you wish me to attend one, both, none?

MEMO TO: LOUIS MARTIN  
FROM: KAREN ZUNIGA *Karen*  
SUBJECT: PERSONNEL MATTERS-Edward Norton, Ron Laurent

As you know, Ed Norton (former Deputy General Counsel now acting as General Counsel of HUD) is anxious to leave that Department. Frank White is very anxious that you push Arnie Miller to help Ed. Thus far, Arnie seems to be dragging his feet and is less than enthusiastic about moving Edward. There are two available positions for which Ed should be considered--Inspector General at EPA and Deputy General Counsel at Commerce. I understand that Arnie is holding the EPA spot for a black person. Fred Schenck feels that the Commerce spot is a possibility is the White House suggests it.

Ron Laurent is the candidate (from Chicago) who Pat Harris and Randy Kinder want for the GNMA spot at HUD. I personally know Ron and my husband has worked with him. He is a really strong candidate. As you know, Tim Kraft wants to use the GNMA position to pay off a political debt. Arnie Miller concedes that Ron Laurent is by far the best qualified candidate. Your influence with Tim is needed to lobby for Ron. Given the departure and controversy of Ed Norton, Ron Laurent's selection would offset any adverse feelings about Ed.

Thus, attached are two memos for you to sign regarding Ed and Ron. In addition, I think it would be wise for your to call Arnie and Tim to reinforce the memos.

MEMORANDUM FOR Members of the Senior Staff

FROM : Louis Martin

SUBJECT: New Staff

I would like to introduce you to my deputies, Julia M. Dobbs and Karen W. Zuniga. They are on loan to me from other agencies and are both from St. Louis, Missouri.

Please feel free to contact either of them when we can be of assistance to you.

Julia M. Dobbs -- is on detail from the Labor Department where she was special assistant to the Director of the Office of Federal Contract Compliance Programs. Before joining the Labor Department in June 1977, she worked for two years as an associate attorney with the firm of Arnold and Porter. Julia received a B.A. degree in Mathematics from Wellesley College in 1972 and a J.D. degree from Harvard Law School in 1975.

Karen W. Zuniga -- came from the Department of Housing and Urban Development where she had served as a special assistant to the Assistant Secretary for Fair Housing and Equal Opportunity since March, 1977. A 1969 graduate of Wellesley College, Karen received an MBA from the University of Chicago Business School in 1971. From 1971-1976 she worked in consumer product marketing positions at Philip Morris, Inc. and Aven Products, Inc. in New York City. Karen worked in the D.C. Carter/Mondale Campaign during the fall of 1976.

SUBJECT: Suggested Meeting with Black College  
Newspaper Editors

The following outlines my thoughts on a briefing/press conference at the White House for editors of the Black college newspapers. Prior to preparing a memo to Jody, Phil and Fran, I am trying to find out how many Black college newspapers there are and to obtain a few samples, if possible.

In March, I recommend we invite a representative, preferably the editor, from each of the Black college newspapers to attend a briefing/meeting at the White House. Although the President's Black college directive applies only to the 105 historically Black colleges, I think it would be politic to invite the predominantly Black colleges, as well. Conference Room 450, the Executive Office Building auditorium, could accommodate that number of people.

From 9:00-11:00 a.m. we would cover domestic issues, such as inflation, unemployment, energy and any other hot issues or legislative thrusts. From 11:30-12:30 p.m. the briefing would focus on international affairs, particularly China, Africa and Salt II. From 1:00-2:30 p.m. I would like to have a sit down luncheon in the White House (similar to the National Press Club luncheons), with the President joining us for remarks and Qs & As during the latter part of the luncheon.

Another option for the briefing is to invite only about 25 editors representing the best schools to a much more intimate briefing in the Roosevelt Room. It certainly is easier to control 25 students, but I think the impact of the larger group is more desirable.

What do you think?

SUBJECT: Presidential Participation

Attached is a list of events which I think should be recommended for the President's participation. I have listed these events in order of importance, in my judgment. The following comments are for your information.

The President has already been invited to address the National Association for Equal Opportunity in Higher Education (NAFEO) dinner. Sam Myers, Executive Director of NAFEO, is very anxious for the President to demonstrate his commitment to Black colleges by speaking at their conference.

Xernona Clayton Brady is still very interested in having us host a White House reception for her group in the spring.

Brown vs Board of Education memo has already been sent to Phil Wise and Gretchen Poston. Other invitations to speak at Brown vs Board of Education ceremonies should be refused by the White House.

Last year, President Carter turned down the National Medical Association's invitation to speak. This group may be important for hospital and health cost issues.

With regard to the Tuskegee Institute engagement, a major speech delivered at a historic and prestigious Black college would underscore the commitment to these institutions.

Mr. John E. Flannery  
Acting Director  
Office of Administrative Law Judges  
Washington, D.C. 20415

Dear Mr. Flannery:

Your correspondence of March 22, 1980, has been received and, respectfully, its ruling of ineligibility is taken with exception. Therefore, with your permission and in accordance with your allegations, as numbered, the following is offered in rebuttal.

2. You did not show that you have obtained at least 7 years of qualifying experience. (Ann. pages 5 and 10)
  - a. It is proffered that the conditions of qualifying experience outlined in B, C, E, F, and G are applicable to the submitted application. (See description 21-A.)
  - B. The applicant is currently chairing such a body, as delineated (See 21-A), and was, in the years 1974-1977, responsible for other entities operating under the Administrative Procedures Act such as:
    - (1) Industrial Relations Commission
    - (2) Public Employees Relations Commission (prior to its exclusion by the Florida Legislature)
    - (3) Bicentennial Commission
    - (4) Bureau of Workmen's Compensation
    - (5) Legal department
    - (6) Occupational Safety and Health Act (prior to its exclusion by the Florida Legislature)
  - C. See description, 21-A.
  - D. Currently determines whether or not a case is sufficient for prosecution or defense in the District Court of Appeal (See description, 21-A).
  - E. D, supra.
  - F. C, D, E, supra.
  - G. See description, 21-A.

Mr. John E. Flannery  
Page 2  
April 18, 1980

- b. It is accepted that the years of general practice of law is partially qualifying.
- 3. You did not show a sufficient quantity and quality of qualifying experience at the required level, within 7 years immediately preceding your application, to support eligibility at the grade level for which you applied. (Annex pages 8 and 9)

On page 2 of form 171, the first attachment, section A, item 21-A, clearly depicts administrative law experience under the current job description that:

- a. Demonstrates the hearing of cases under the Administrative Procedures Act which tracks Title 5, U.S.C.
- b. Demonstrates that cases appearing before the Commission involve claims for compensation relating to victimization as delineated under Chapter 960, Florida Statutes, 1977. Said claims must also consider sanctions in the granting, denial, or recovery of money, payment, or other benefits, as required by the aforesaid law and in accord with the examples on page 8, delineated in item 21-A.

Page 8 addresses:

"Cases involving the grant, denial, or recovery of money payments or other benefits upon a hearing required by law.

"Cases involving disability allowances, insurance claims, or other privileges."

- c. Demonstrates that continuous employment has been maintained in the aforesaid capacity since January 1, 1978, and it is maintained that such continuous employment constitutes two full years, in addition to the aforementioned, of functioning under Florida's Administrative Procedures Act.

Form 171, section C, shows that the applicant coordinated all administrative activities of the Industrial Relations Commission and the Bicentennial Commission and administered complex programs of employment security (which included workmen's compensation and unemployment compensation), equal employment opportunity and legal services, all of which operate under the Administrative Procedures Act, hence, Title 5, U.S.C. Inadvertently omitted from that list is the Public Employees Relations Commission which, until its removal by the Florida Legislature in 1977, was obliged to observe rules promulgated under the Administrative Procedures Act.

Mr. John E. Flannery  
Page 3  
April 18, 1980

It is well known that all commissions must operate under the Administrative Procedures Act and it was felt that it would be a waste of the reviewer's time to be redundant.

Additionally, please note the job description as described under "Associate Director of Labor"; all are under administrative law procedures that equate with federal counterparts and constitute as experience as described under "Qualifying Experience."

Page 8 of the announcement further provides that:

"In determining whether a case which comes before a State or local regulatory body is comparable to one coming before a Federal regulatory body, a direct comparison is made of the subject matter and causes in the case with the subject matter and causes of the cases which come for hearing before Federal regulatory bodies....Participation in such State or local cases, therefore, will constitute administrative law experience as defined above."

Therefore, when reviewed as described on the application, said applicant more than complies with the 7-year requirement.

4. You did not submit a complete list of administrative law or court cases demonstrating 2 full years (400 workdays) of administrative law or trial experience within the 7-year period immediately preceding the date of your application. (Annc. page 11)

While it is true that the application did not show a full list of cases, two full years and more of continuous employment were demonstrative of requisite administrative law experience.

In the current position, the average caseload is approximately 30-40 cases per month. However, on page 12 of the announcement, it is stated that the applicant may receive one communication regarding minor deficiencies or omissions, and it is submitted that, the omission of cases similar in nature to the instruments of items 1-6 under number 5 is not grave or fatal and can be cured, if necessary.

5. You did not submit the detailed information required for two of your most important cases. (Annc. pages 11 and 12)

It is opined that said cases were submitted.

The Commission has two years' of operation and appeals to the District Court of Appeal have been few. Therefore, the cases and memoranda, items 1-6, as requested, have been submitted. However, the following information, while evident, is delineated.

Dear Mrs. Mason:

Thank you very much for your letter of May 29, 1979 expressing concern that the administration nominate a Black candidate to one of the recently created positions on the federal bench in Virginia.

As I am sure you are aware, the administration shares your concern that the representation of women and minorities in the federal judiciary be increased and has used the historic opportunity given us by the Judiciary Reform Act of 1977 to nominate record numbers to federal judgeships. We are working diligently in this area. Our goal is to place at least one Black candidate on the federal bench in every state in the South. I am sure that when this process is completed you will be well pleased with our efforts.

Again, thank you for your concern.

Dear Mr. Martin:

I am writing to thank you for the very valuable service you have rendered to our nation. President Carter is to be commended for having the wisdom to place such an experienced "old hand" at his side as yourself.

I am a young man but I do not think there has ever been a black person to have served in the capacity that you have over the last four years in the White House. Sadly enough I believe that [placing people like yourself in so many high positions] resulted in a quiet but strong white backlash that contributed to the President's defeat. Mr. Carter was simply trying to bring about true equality too fast - especially during bad economic times when whites feel most threatened. You remind me of a friend of mine, Mr. Earl B. Dickerson, who as you know also happens to be a Chicagoan and who has served his nation and people with honor and integrity not only in the political arena but also in the inner sanctuaries of boardrooms and meetings - where it really counts!

In closing I would ask that you send me a copy of the list you compiled detailing the names and positions of the many black people the President appointed during his term.

Best Wishes, Sincerely

EVEN IF JIMMY CARTER HAS NOT KEPT HIS PROMISES TO BLACKS ONE HUNDRED PERCENT, I WAGER THAT NO PRESIDENT, IN THE HISTORY OF THE NATION, HAS DONE ALL THAT HE WANTED TO DO IN FOUR YEARS. BUT ONE FACT IS CLEAR, THAT NO MAN IN THE HISTORY OF THE NATION HAS DONE AS MUCH FOR BLACK AMERICANS AS PRESIDENT CARTER HAS DONE. AND HE PROMISES TO DO MORE. HIS EXECUTIVE ORDER AUTHORIZING EVERY BRANCH OF GOVERNMENT TO EXAMINE THEIR BUDGET AND SET ASIDE AN

PAGE -3-

AMOUNT OF MONEY FOR BLACK COLLEGE IS PROOF OF THIS; SO THAT WE WILL BE ASSURED THAT BLACK COLLEGES WILL GET THEIR SHARE OF MONEY, NOT ONLY TO KEEP THEM VIABLE, BUT SUFFICIENT FUNDS TO MAKE THEM EQUAL TO THE BEST COLLEGES AND UNIVERSITIES IN THE NATION.

I WAS WITH THE PRESIDENT (AUGUST 8, 1980) WHEN THIS EXECUTIVE ORDER WAS SIGNED AND RESPONDED TO THE PRESIDENT'S ORDER FOR THE UNITED NEGRO COLLEGE FUND PRESIDENTS.

BEGINNING JANUARY 1, 1981, WE WILL HAVE A PRESIDENT IN THE WHITE HOUSE. ONE FACT IS CLEAR - WHOEVER THE PRESIDENT MAY BE - HE WILL NEVER MATCH WHAT JIMMY CARTER HAS DONE FOR BLACK AMERICANS. THAT'S HISTORY - EVEN IF JIMMY CARTER IS NOT RE-ELECTED, THIS RECORD CAN NOT BE ERASED.

BUT WE MUST LOOK BEYOND TODAY AND LOOK TO THE FUTURE OF OUR NATION AND THE NEXT ONE HUNDRED YEARS AND SEE WHAT KIND OF NATION WE WILL HAVE.

POLITICALLY WE ARE JUST ABOUT WHERE WE WERE IN THE RECONSTRUCTION DAYS WHEN THE FEDERAL SOLDIERS OCCUPIED THE SOUTH AFTER THE CIVIL WAR.

**BEST AVAILABLE COPY**

PAGE -4-

IN FACT, WE ARE NOT WHERE WE WERE BECAUSE WE DID HAVE BLACKS REPRESENTED IN THE UNITED STATES SENATE. AFTER THE CIVIL WAR WHEN FEDERAL TROOPS OCCUPIED THE SOUTH, NEGROES WERE IN THE SENATE AND THE HOUSE OF REPRESENTATIVES IN SEVERAL SOUTHERN STATES, FROM THE HAYS - TILDEN COMPROMISE IN 1876, THROUGH 1910 THERE WERE NEGROES IN STATE AND FEDERAL GOVERNMENT.

I WANT TO COMPARE THESE STATISTICS WITH THE PRESENT SITUATION. IN THE 17 SOUTHERN STATES, INCLUDING THE DISTRICT OF COLUMBIA, THERE ARE 22 BLACK STATE SENATORS AND IN THE WHOLE UNITED STATES THERE ARE 70 BLACK STATE SENATORS. IN THE WHOLE SOUTHERN STATES - 16, AND THE DISTRICT OF COLUMBIA THERE ARE ABOUT 3.4% BLACKS. IN THE WHOLE UNITED STATES THERE ARE APPROXIMATELY 2000 BLACKS WHICH REPRESENT 3.6%. TAKING THE NATION AS A WHOLE, WE REPRESENT EASILY 11 TO 12 % OF THE POPULATION IN THIS COUNTRY. IF WE HAD 11% REPRESENTED, WE WOULD HAVE AT LEAST 3 TIMES MORE REPRESENTATIVES, MORE CONGRESSMEN, AND MORE SENATORS THAN WE HAVE NOW.

THOUGH WE HAVE A RIGHT TO REJOICE BECAUSE NOBODY CLOTHED IN HIS

PAGE -5-

RIGHT MIND WOULD SAY THAT WE ARE ADEQUATELY REPRESENTED IN THE GOVERNANCE OF THIS NATION. THE PERCENTAGE WOULD BE EVEN SMALLER WHEN WE TAKE INTO ACCOUNT BLACK MAYORS IN THE UNITED STATES. IT IS WONDERFUL THAT WE HAVE ABLE BLACK MAYORS IN LOS ANGELES, CALIFORNIA; IN DETROIT, MICHIGAN; IN GARY, INDIANA; NEWARK, NEW JERSEY; WASHINGTON, D.C.; NEW ORLEANS, LOUISIANA; ATLANTA, GEORGIA; AND BIRMINGHAM, ALABAMA. THIS IS A SMALL PERCENTAGE WHEN WE TAKE ALL OF THE CITIES IN THE UNITED STATES AND THEY RUN INTO THE THOUSANDS. NOW, LET ME TELL YOU THAT EVERY CHANCE WE CAN GET TO GET AN ABLE BLACK PERSON IN THE STATE HOUSES OF THE NATION IS A GAIN FOR BLACKS AND FOR THE NATION.

A LOT OF THINGS WILL BE DONE IN THE STATE GOVERNMENT AND NATIONAL GOVERNMENT, WHICH WILL DETERMINE THE DESTINY OF THE UNITED STATES FOR CENTURIES TO COME. WE OUGHT TO BE A PART OF THE LAW MAKING BODY. SENATOR BROOKE, FROM MASSACHUSETTS, WAS AN ABLE SENATOR AND NOW, THROUGH DIRTY POLITICS, HE WAS DEFEATED AND IT MAY BE A LONG TIME BEFORE WE RETRIEVE SENATOR BROOKE'S SEAT.

THOUGH MAYOR BRADLEY, IN LOS ANGELES, IS PERHAPS THE ONLY BLACK MAYOR

● THAT HAS BEEN ELECTED WHEN A MAJORITY OF THE PEOPLE - IN LOS ANGELES - ARE NON-BLACK. AS POPULAR AS MAYNARD JACKSON IS IN ATLANTA, TO BE SURE OF HIS ELECTION, HE HAD TO HAVE AT LEAST 22% WHITE PEOPLE VOTING FOR HIM. I REALLY THINK A LARGER PERCENT VOTED FOR MAYNARD. BUT IN MOST OF THESE SITUATIONS, YOU MUST HAVE THE ASSURANCE THAT BLACK PEOPLE WILL MAKE UP THE NUMBER OF VOTES THAT WILL GUARANTEE BLACK ELECTIONS. THE MOST PRECIOUS THING THAT A MAN CAN HAVE IN A DEMOCRACY LIKE OURS, IS TO BE ABLE TO CAST THE BALLOT FOR THE MAYOR, FOR THE STATE REPRESENTATIVE, STATE SENATORS AND FOR REPRESENTATIVES AND SENATORS IN WASHINGTON. WHETHER WE LIKE POLITICS, OR NOT WE CAN NOT AVOID IT. IT IS ONE OF THE GREATEST THINGS THAT A BLACK MAN OR A BLACK WOMAN CAN DO - TO BE A PART OF THE GOVERNMENT THAT DETERMINES HIS OR HER DESTINY.

AS INDICATED BY BAYARD RUSTIN, "OUR FUTURE IN THE BALANCE," "VOTERS APATHY APPEARS TO BE PARTICULARLY PRONOUNCED AMONG BLACKS, FOR WHOM IRONICALLY THIS ELECTION IS OF CRITICAL IMPORTANCE. THOSE BLACKS, AND OTHERS, WHO SIT THIS ELECTION OUT WILL MERELY BE ALLOWING

OTHERS TO DETERMINE WHAT KIND OF GOVERNMENT THEY WILL HAVE FOR THE NEXT FOUR YEARS.

MOST VOTERS RECOGNIZE THAT PRESIDENT CARTER IS A DECENT AND HUMANE MAN WHO IS CONCERNED ABOUT THE PROBLEMS OF POVERTY, RACIAL DISCRIMINATION, AND UNEMPLOYMENT. MOREOVER, MOST WORKERS ARE AWARE THAT THE PRESIDENT HAS SHOWN HIMSELF TO BE A FRIEND OF LABOR IN HIS SUPPORT FOR THE EFFORTS TO ACHIEVE LABOR LAW REFORM, IN HIS SUCCESSFUL RESTRUCTURING OF THE OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION, AND IN HIS SUPPORT FOR THE HUMPHREY-HAWKINS FULL EMPLOYMENT BILL.

YET DESPITE ALL THIS, I STILL HEAR THE 'COMMON WISDOM' THAT IT DOESN'T MAKE ANY DIFFERENCE WHO IS ELECTED. THE EVIDENCE OF HISTORY TELLS US SOMETHING DIFFERENT. IN 1968, THERE WAS A CLOSE RACE BETWEEN RICHARD NIXON AND HUBERT HUMPHREY. MANY LIBERALS DESERTED THE HUMPHREY CANDIDACY BECAUSE THEY WERE DISSATISFIED WITH THE CANDIDATE'S VIEWS ON VIETNAM. SOME OF THEM ARGUED THEN, AS NOW, THAT THERE WAS NO DIFFERENCE BETWEEN NIXON AND HUMPHREY. OF COURSE, IF ONLY WERE THERE DIFFERENCES, THEY WERE PROFOUND. THOSE LIBERALS

PAGE -8-

WHO TODAY ARE ABANDONING PRESIDENT CARTER AND THOSE WHO SAY IT DOESN'T MATTER WHO WINS WOULD DO WELL TO REMIND THEMSELVES OF 1968.

RONALD REAGAN IS NOT SIMPLY A TRADITIONAL REPUBLICAN CANDIDATE. HE IS AN ULTRA-CONSERVATIVE WHO IS NOW ATTEMPTING TO COVER UP HIS ANTI-UNION AND ANTI-WORKER PRONOUNCEMENTS IN A BID TO ATTRACT BLUE-COLLAR VOTES. THIS DECEPTION WILL NOT HOLD WATER WITH THOSE WHO EXAMINE HIS STANDS ON THE ISSUES CLOSELY. BUT WHERE REAGAN STANDS TO GAIN MOST IS FROM THOSE WHO BELIEVE THAT IT DOES NOT MATTER WHO OUR NEXT PRESIDENT IS, THOSE WHO ARE INDIFFERENT. ALL THE POLLS SHOW THAT THOSE WHO ARE LEAST LIKELY TO VOTE ARE THE POOR, BLACKS, AND LOWER INCOME WORKERS: IN OTHER WORDS, THOSE WHO ARE MOST LIKELY NOT TO VOTE FOR PRESIDENT CARTER.

OUR COUNTRY HAS ENTERED INTO A TURBULENT AND CHALLENGING DECADE. WE FACE THE CHALLENGES OF INTERNATIONAL INSTABILITY, THE GROWTH OF SOVIET IMPERIALISM, PROBLEMS OF REINDUSTRIALIZATION AND MODERNIZATION. ALL OF THESE PROBLEMS REQUIRE A UNIFIED COUNTRY. VOTER APATHY, ALAS, WILL NOT LEAD TO GREATER UNITY NO MATTER WHO

WINS, BECAUSE THOSE WHO DO NOT VOTE WILL CONTINUE TO FEEL THAT THE GOVERNMENT IS NOT THEIR OWN.

OUR FUTURES ARE IN THE BALANCE. AT A TIME WHEN OUR COUNTRY NEEDS TO RESPOND INTELLIGENTLY AND COMPASSIONATELY TO THE NEEDS OF THE POOR, THE UNEMPLOYED, THE ELDERLY, AND THE YOUNG, OUR GOVERNMENT MUST BE COMMITTED TO ACTION. RONALD REAGAN PREACHES THE POLITICS OF LESS GOVERNMENT AND GREATER PROFITS FOR BIG BUSINESS. PRESIDENT CARTER ON THE OTHER HAND HAS SHOWN HIS CAPACITY TO BRING TOGETHER GOVERNMENT, LABOR, AND BUSINESS IN A PARTNERSHIP DESIGNED TO ADDRESS THE NEEDS OF OUR COUNTRY.

THE 1980 ELECTION WILL BE OF GREAT SIGNIFICANCE FOR OUR FUTURES. IT WOULD BE A GREAT TRAGEDY IF VOTER APATHY RESULTED IN THE DEFEAT OF A PRESIDENT WHO LISTENS AND IS SENSITIVE TO THE NEEDS OF THE PEOPLE. ONLY BY MASSIVE TURNOUT CAN BLACKS AND OTHER WORKING PEOPLE FORM A POLITICAL COALITION FOR SOCIAL PROGRESS AND ECONOMIC DEVELOPMENT. ONLY BY RE-ELECTING PRESIDENT CARTER CAN WE ENSURE THAT WE ENJOY FOUR YEARS OF THE

**SCHOOL OF MEDICINE  
MOREHOUSE COLLEGE**

Office of the Dean

January, 1980

**Greetings and Best Wishes!**

This new year and the new decade provide each of us in the School of Medicine Family with an opportunity to pause, take stock to look back from whence we have come and most significantly, to look forward to the decade of the 1980's which we have now entered.

We must plan and organize our efforts for the 1980's to realize the maximum potential which we possess, individually and institutionally. Of course, the new decade will be fraught with many problems and obstacles, but will also be full of promise for those of us who are prepared to meet the challenges and to seize the opportunities which will be presented to us.

The initial decision by Morehouse in 1973, to explore the possibility of developing a medical school, was met with comments of disbelief from around the nation; that such an impossible goal would be attempted by a small liberal arts college with limited resources, when many older, more affluent institutions had chosen not to do so. Now, seven years later, Morehouse College has developed a young vigorous, growing School of Medicine, with two enrolled classes (24 Freshmen and 22 Sophomores).

Having just completed the annual accreditation review by a Survey Team of the Liaison Committee on Medical Education, the School of Medicine anticipates approval of our plans to increase the size of the entering class to 32 students (from our previous class size of 24 students) in September, 1980, and to develop into an independent, affiliated institution in the Atlanta University Center by September, 1981.

The pre-imminent mission of the School of Medicine at Morehouse College is to identify, recruit, educate and train students who are most likely to become primary care physicians, to work in underserved rural and inner city communities.

The School of Medicine is committed to the goal of becoming a leader in medical education in the United States; to discover and promulgate new biomedical knowledge; to find better ways to organize and to deliver health care, in a more humane, cost-effective and efficient manner; to provide more emphasis on preventive measures, health promotion and the conservation of health in the general population and by our health service institutions.

The School has a commitment to excellence - in teaching, learning, research and service. This commitment applies to students, faculty, supporting staff, medical school administration, College Administration, the Board of Overseers and the College's Board of Trustees - all members of the SMMC Family. It is embodied in our motto: "Knowledge, Wisdom, Excellence and Service."

As we look forward to the decade of the 80's, these challenges lie before us, mandated by the exigencies of medical education, institutional development, accrediting bodies and funding agencies:

- 1) To establish the School of Medicine as an affiliated member of the Atlanta University Center, by September, 1981.
- 2) To evolve into a four-year M.D. degree granting institution by September, 1983 (i.e., the class entering in September, 1981 will be the first class for whom their entire undergraduate medical education will be within our institution - the first M.D. degrees being awarded in June, 1985).
- 3) To initiate programs in the biomedical sciences, for the training of needed minority biomedical teachers and investigators, by 1985.
- 4) To organize and to implement postgraduate medical programs, in family practice, internal medicine, pediatrics, obstetrics/gynecology and other areas for needed minority physicians by the mid-1980's.
- 5) To offer relevant and needed programs in continuing medical education for primary care physicians in rural areas and the inner cities, by 1983.
- 6) To explore the development of programs in dental education and in other health professions where there is a shortage of minorities, or where other special needs exist.
- 7) To develop regional programs in medical education and health services, with an emphasis on the special needs of poor and disadvantaged populations in the Southeastern States.
- 8) To focus our institutional research efforts on the medical problems and the health needs of poor and disadvantaged populations.
- 9) To develop affiliations with physician's offices, clinics, hospitals and other health care institutions, in rural areas and inner cities to provide a rich and diverse educational environment for the education of medical students, resident physicians and fellows, practicing physicians and others.

- 10) To work with Morehouse College and the other colleges in the Atlanta University Center, and with the Atlanta Board of Education, the Office of the Superintendent of Education for the State of Georgia, with high schools and elementary schools in the Southeastern United States, with the Georgia State Medical Association and other agencies to increase the pool of well-educated minority students for the health sciences, to increase the minority applicant pool to health professions schools in the United States.
- 11) To develop and maintain academic and administrative liaison with the schools in the Atlanta University Center, to promote the development of programs in health administration, medical economics, medical sociology and other educational offerings in the Atlanta University Center.
- 12) To work with medical schools in Georgia, minority-oriented medical schools in the nation and others, to provide leadership in solving health problems of our region and of poor and disadvantaged populations.
- 13) To recruit and to develop the needed manpower to implement the programs of the School of Medicine in the 1980's with the constant goal of excellence in all of the activities of the School of Medicine.
- 14) To obtain the fiscal and other resources needed for the development plan of the School of Medicine in the 1980's.
- 15) To maintain and enhance an institutional ambiance which is warm and supportive of the development of the full potential of each of our students, faculty, staff and administrators; to encourage the highest standards of scholarship honesty, integrity of management, or workmanship, of concern for one's fellow man, of excellence in medical care, and of leadership in our respective communities, in our organizations and in the nation.

With wisdom, foresight and most of all, hard work, the School of Medicine will have evolved into a significant Health Sciences Center by the end of this decade with a variety of new programs.

The Medical Center will be contributing to the continued growth and development of the Atlanta University Center as a focus for leadership in higher education in the United States and to the increasing importance of Atlanta as one of the leading cities in the U.S. for education, health care and commerce. We intend to change the landscape of medical education during the years to come.

Such accomplishments will help to re-affirm, with a clear, unequivocal statement the strength, the importance, the contributions, and the relevance of black institutions of higher education in the United States of the 1980's. These accomplishments will facilitate the process of self-actualization of blacks and other minorities, and will help to promote a positive self-image among the poor and the minorities in America.

For all this, to be realized in this decade will require the sustained, determined best efforts of everyone in our corporate body - the Family of the School of Medicine. Everyone must do his/her part - students, faculty, staff, administration, Board of Overseers and Board of Trustees.

I am sure that many of our institutional plans for the 1980's will be met with skepticism and doubts, by some. We are cognizant of the problems in our national and regional economy, and by the increasingly conservative social fabric of our communities. But never was the need or the opportunity greater for meaningful public service, than that presented by the decade of the 1980's.

This is my New Year's message to you - a challenge for all of us to join hands and to close ranks; to share a common vision of our destiny, as individuals and as an institution. The accomplishment of our goals for the 1980's will not be easy — no worthwhile achievement is ever easy.

As in the decade of the 1970's, the work of the 1980's will be hard, the hours will be long, the frustrations will be there; but the rewards will come, in satisfaction of our accomplishments; in knowing that we have each contributed, in our own way to the attainment of a unique, lasting institution which will serve our fellow man, long after we have all left the stage — the development of a new Health Sciences Center by a minority institution in the last quarter of the twentieth century, to serve the needs of the twenty-first century and beyond!

I wish for each of you, your families and loved ones, a happy and prosperous New Year.

Sincerely yours,

Louis W. Sullivan, M.D.  
Dean and Director  
School of Medicine at Morehouse College

Dear Mr. Medina:

President Carter has asked me to respond to your letter of October 18, 1979 requesting assistance for your company. I hope you will forgive the delay in responding.

I asked an official of the Small Business Administration to look into your situation and advise me as to how we could be of assistance. I was informed that your liability to the government exceeds three quarters of a million dollars, \$734,000 in advance payments and \$145,000 of a \$200,000 loan. There was also some question about your initial eligibility for the 8(a) program. In light of the above, I don't know how I can be of assistance.

The actions of the Small Business Administration appear to be in accordance with the current law and regulations. I can appreciate your anguish and regret that I cannot give you better news.

Thank you for your recent letter expressing concern that a Black candidate be appointed U.S. Attorney for the District of Columbia. We have noted your concern.
