ANNUAL REPORT OF THE BOARD OF MANAGERS OF THE  
NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS  
FOR THE FISCAL YEAR ENDING JUNE 30, 1887.

*To the honorable the Senate and House of Representatives in Congress assembled:*

The Board of Managers of the National Home for Disabled Volunteer Soldiers makes the following report of the institution for the fiscal year ending June 30, 1887, in obedience to the law:

On March 2, 1887, a law was enacted directing the Board to establish a branch of the Home in one of the States west of the Rocky Mountains, and appointing William Blanding, of San Francisco, an additional member of the Board, specifying that one of its members should hereafter be appointed from a State or Territory west of the Rocky Mountains.

The usual duties of the Board have been performed during the year, the quarterly meetings have been held, and the branches visited and inspected as prescribed by the law.

The supplies of the Home have been, as far as possible, purchased by contract; their quality has been good and the prices moderate. The clothing and bedding have been made up at the Home by the labor of the members generally, and their families.

All complaints of members have been patiently heard and investigated, and remedies applied where they were necessary. The members have been comfortably housed, liberally clothed and fed, and no complaints on these matters have come to the notice of the Board.

The barracks at the Northwestern, Southern, and Western Branches, appropriated for by Congress June 30, 1886, have been erected during the fiscal year, furnishing accommodations for about 1,000 men. Every bed in these additional barracks is now in use, and in every branch, unless it be the Western, men are now using the floor for beds.

The average numbers of members present during the last five fiscal years are as follows:

|                      |       |
|----------------------|-------|
| Year ending June 30— |       |
| 1883                 | 6,738 |
| 1884                 | 7,494 |
| 1885                 | 8,118 |
| 1886                 | 8,758 |
| 1887                 | 9,718 |

It appears, therefore, that the actual number present through the whole year has increased in five years 2,980, or 44 per cent. The number present and absent has increased in the same period from 8,480 during the year ending June 30, 1883, to 12,168 for the year ending June 30, 1887. The number of deaths was in the year ending June 30, 1883, 485, and in that ending June 30, 1887, 659. The percentage of increase of members present and absent in the five years is 43, and that of deaths 37. Had the members of the Home belonged to a class insurable in life-insurance offices, the number of deaths in the same number as that in the Home of corresponding ages would have been no greater than 406. Hence the number of deaths among the members of the Home in the last fiscal year exceeded by 253, or 61 per cent., the number that would have occurred among the same number of men of the same ages in ordinary health. These figures show how great is the general disability of the members of the Home. They also suggest another question. If the members of the Home, well housed,

fed, and clothed as they are, with no family cares and with no anxiety about making their living, nevertheless pass away at a rate greater by more than 60 per cent. than that at which men in ordinary health die, as shown by the life tables, what would have been their fate by this time had not the fostering care of the National Home been tendered to them?

The question, how long the membership of the Home will increase, still remains unsolved. Under the law every soldier who is disabled and who cannot earn his living is entitled to admission to the Home whether his disability can be traced to service in the Army or not. This law was enacted on July 5, 1884. During the past three years the number of those admitted on account of wounds received in action or disability incurred in service has materially fallen off. On the other hand, the number admitted on account of age and disability incurred since the war has increased, so that the annual number of admissions continually increases. These causes of increase will continue as the soldiers grow older, and the membership of the Home must increase for an indeterminate series of years so long as Congress furnishes the means for such increase. The existing branches of the Home are now filled to their utmost capacity, and, in the opinion of the Board, only one, or at most two, of them should be farther enlarged.

If it be the intention of Congress to care for all disabled soldiers who are entitled to admission to the Home, under existing law, legislation will be required—

- (1) To establish additional branches of the Home, or
- (2) To materially enlarge existing branches, or
- (3) To encourage the States to establish State homes, or
- (4) To make appropriations for outdoor relief for those soldiers who can not be admitted to the existing branches.

Should Congress consider that the present accommodations of the Home are sufficient, the maximum number who shall receive the benefits of the Home should be fixed by law. In this connection the Board respectfully calls attention to the following extract from its report of the fiscal year ending June 30, 1886:

The survivors of the war are growing old, their disabilities are severer, and the number who are unable to support themselves is for these reasons rapidly increasing. Notwithstanding the fact that a new Home, capable of providing for 1,500 additional members, has recently been completed at Leavenworth, Kans., there are yet many disabled and destitute soldiers cared for in the almshouses of the country. Several of the States have endeavored to provide for this emergency by the erection of State homes. Illinois, Ohio, Iowa, Michigan, and Pennsylvania have recently established State homes, and such homes have for some time been established in New York, California, Massachusetts, Vermont, New Jersey, Connecticut, and in a few other States. If Congress should provide by law for assisting in maintaining the soldiers admitted to these State homes by authorizing the Board of Managers to pay one-half of the cost of supporting each soldier thus provided for, the necessity of building additional Homes might be avoided, except in the case of that recommended for the Pacific slope.

It is apparent to the Board of Managers that the Home is gradually becoming a great hospital. The necessity for increased hospital accommodations is more urgent every year as the age and disabilities of the members increase. In all of the branches the hospitals are overcrowded, and men who ought to be in hospital have to be cared for in barracks not built nor arranged for sick men. There is much suffering caused by the inadequate hospital accommodation, which ought to be alleviated if possible. The increase in the ages of the men, the fact that their diseases become chronic as they grow older; that their diet must be different from those who can live in barracks; that in time they become bed-ridden; all these require that the hospital shall soon become the ruling feature of the Home.

Congress at its last session appropriated \$100,000 for the erection of a hospital at the Western Branch at Leavenworth, Kans., and \$60,000

#### 4 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

for the enlargement of the hospital of the Central Branch. These sums are now being expended for the construction of the buildings specified. The appropriation of \$150,000, made June 30, 1886, has been expended with the view of making the new barracks virtually additions to the hospitals, so that the hospital accommodation is far greater than it was a year ago. But it still requires enlargement, and will continue to require it.

The tables appended to this report, from A to F inclusive, show the financial transactions of the Board for the fiscal year, and the estimates for the next fiscal year. Table G shows in detail the expenditures for bedding and clothing, and also clothing issued during the fiscal year. Table H shows the articles of bedding and clothing manufactured during the fiscal year, and cost of same. Table I shows the expenses in detail of the Board of Managers for the fiscal year. Table J gives the annual cost of keeping each member of the Home from its organization to June 30, 1887; all expenses are included except those for construction and purchases of land. Table K gives the accounts current of the acting treasurer for the fiscal year, of the general fund, the additional barrack fund, the Western Branch fund, and the reimbursement of Southern Branch fund. Tables L, M, and N give the accounts current of the pension, posthumous, and post funds, table L showing also the number of pensioners, the amount paid to families of pensioners through the treasurers of the branches, and the amount paid direct to pensioners.

The record of members, showing the changes from July 1, 1886, to June 30, 1887, is appended to this report.

The report of the secretary gives the journal of the proceedings of the Board of Managers for the fiscal year, the statistics of the Home for the same period, and the annual report of each branch.

Below is an extract from the journal of the last meeting of the Board of Managers, which gives its action in carrying out the law for the "location and erection of a branch home for disabled volunteer soldiers west of the Rocky Mountains," approved March 2, 1887.

The title of the land and water supply are now in course of investigation, and the construction of the necessary buildings will be commenced as soon as these questions are satisfactorily settled.

[Extract from the minutes of the proceedings of the Board of Managers of the National Home for Disabled Volunteer Soldiers.]

##### CENTRAL BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, November 10, 1887.

The Board thereupon proceeded to San Francisco for the purpose of carrying out the provisions of the act of Congress approved March 3, 1887, directing the selection of a site and the location of a branch of the Home west of the Rocky Mountains. Capt. William Blanding met the Board *en route*.

At Ogden, Utah, the Board were met by a delegation of the citizens of Salt Lake, members of the G. A. R. and others, who urged the location of the Home on a site overlooking the city of Salt Lake and adjoining the military post at Fort Douglas.

The site was visited by members of the Board and examined as to the various conditions required for the location of the branch.

On arrival at the city of Sacramento, November 15, the Board were met by the mayor and a delegation of citizens of that city and were tendered kindly hospitalities which, owing to delay in arrival, it was found necessary to decline.

Considerable discussion was had with reference to the sites offered or available in the Sacramento Valley in the vicinity of the city.

NOVEMBER 19, 1887.

The Board reconvened in executive session at the Palace Hotel, in the city of San Francisco.

Captain Blanding presented the propositions heretofore made through him to the Board for sites supposed to be suitable for the location of the Home and reported the results of his visits to places offered, and submitted detailed descriptions of each in regard to climates, water-supply, and accessibility.

The propositions made were read in full and thoroughly considered.

It was decided to hold an open session on Monday, the 21st of November, in accordance with notice heretofore given in the daily papers, to hear in person all parties who desired to present themselves before the Board in connection with the subject of the location of the Pacific Branch, and also allow to the parties appearing fifteen minutes each for the presentation of the claims of the site advocated.

NOVEMBER 21, 1887.

At the open session of the Board a number of gentlemen appeared and were heard in accordance with the resolution previously adopted.

The claims of the following sites were presented personally by the gentlemen appearing:

(1) Alameda County, near Haywards, by Mr. James Kellar, 400 acres, at a price of \$30,000, 18 miles from San Francisco across the bay, and 1 mile from Hayward Station, on the railroad; ample water-supply; soil and other conditions to be satisfactory.

(2) Oakland, Messrs. Smith and Harnes, 250 acres on Fruit Vale Creek, 2 miles from the railroad station, on the Thirteenth avenue in Oakland; price \$75,000.

(3) National City, San Diego County, two tracts of 600 acres each; unlimited water-supply guaranteed; soil all that can be desired; offered by Col. ——— Dickinson on behalf of the San Diego Town and Land Company as a free gift.

(4) Napa County, the Veteran Home at Yountville, 910 acres in cultivation, with buildings, offered by Hon. James A. Waymire on behalf of the board of trustees of the California Veteran Home.

(5) Sonoma County, Professor Trippett, on behalf of the city of Petaluma, from 200 to 500 acres in the vicinity of that city, two hours distant from San Francisco, a free donation.

(6) Mr. McMair, 200 acres in the vicinity of Petaluma for \$25,000, which the citizens of Petaluma agree to contribute toward the purchase.

(7) Santa Rosa, the Mesar Ranch and Rector Mill Ranch, 4 miles from Santa Rosa, 16 miles above Pataluma, 1 mile from Fulton Station on the railroad, submitted by Mr. Sherer, price according to the number of acres selected from \$37,000 to \$55,000, up to 500 acres; 400 acres would be sold for \$37,000.

(8) Col. ——— Byington, of the Board of Trade of Santa Rosa, offered 189 acres 2½ miles from Santa Rosa, with railroad station on the place, at \$200 per acre.

(9) Mayor Overton, of Santa Rosa, proposes the tract referred to as the Hellman tract, with warm spring thereon.

(10) Mr. MacDonald, tract of land from the Water Company, 2½ miles from Santa Rosa, at \$200 per acre, from 100 to 300 acres.

(11) General M. J. Vallejo offers his farm in Sonoma of 200 acres for \$125,000. It was selected when he was military governor of California from all the lands of the State as the most promising in all respects. Water-supply ample.

(12) H. E. Boyes proposes 75 acres, with hot springs thereon, 2½ miles from Sonoma, price not stated.

(13) Sacramento: Mr. Abbott proposed tract 3 miles west of Sacramento, 1,050 acres bordering on Sutter Lake, \$250 per acre for any number of acres, taking in rectangular tract bordering on the edge. Owners will build railroad to connect with street railroad and donate 20 percent. to the earnings of the home station to the Home. Also the city of Sacramento will probably give as much as \$50,000 towards the purchase and improvement of the land.

(14) Mr. Roche, ex-alcalde; Senator Sargent, representing the Pacific Coast Steamship Company; Dr. Witham, of the Monterey Board of Trade; Mr. St. John, Mr. Kearney, and Mr. Jacks suggested the Government reservation at Monterey, and described at length the advantages of the site.

(15) Santa Cruz: Dr. McPherson and Mr. Hihn proposed what is known as the Trout Ranch, of 400 acres, 3 miles from railroad station at Aplas, for \$15,000.

Also 240 acres 3 miles east of Santa Cruz, one-half mile west from Capitola. View superb; price \$70,000. Owners will bear half the expense of bringing water to the tract from outside the limits from running stream. Water can also be obtained on the place by boring.

Also 1,000 acres, for \$35,000, 7 miles inland on the South Pacific Coast Railway, 30 miles from San José; stream of water on the place; site one-half mile from the big trees; 8 miles from Santa Cruz.

No other parties being present to be heard in person, the Board thereupon resolved to visit the Home in Nappa Valley on Tuesday, the harbor of San Francisco on Wednesday, Monterey and Santa Cruz on Thursday, the sites offered in Sonoma Valley on Friday, the sites offered in Alameda County on Saturday, and leave for Santa Barbara, Los Angeles, San Diego, and San Bernardino, to visit the various sites proposed in southern California, on Sunday afternoon.

On November 27 the Board proceeded to Santa Barbara, and on the evening of the 28th and the morning of the 29th examined various sites proposed in that vicinity.

They were hospitably entertained by the mayor and citizens of Santa Barbara, and assured that either of the sites offered, if selected by the Board, would undoubtedly be donated by the citizens.

On the same evening the Board proceeded to Los Angeles, and gave open hearing to the mayor, the representatives of the board of trade, and other distinguished citizens from Los Angeles and other places in southern California.

The Board received great hospitality from the gentlemen referred to and from General Nelson A. Miles, U. S. Army, commanding the department.

At the open hearing propositions were made as follows:

By Judge Vandyke, representing Senator J. H. Jones, 600 acres, to be taken from the Jones and Baker and the Wolfskill ranches, 300 from each, on either side of the boundary line. Also additional lands to be converted into money to the amount of \$20,000, situation 5 miles from Santa Monica, on the coast, in full view of the sea; water supply ample from springs.

Also 300 acres from any part of the Jones and Baker tract outside of the limits of the town of Santa Monica, this to be accompanied by a larger donation in money on behalf of the owners of the Wolfskill ranch.

Judge Whitney called attention to the offer heretofore made in writing of sites in San Bernardino County, at Hesperia, by the Hesperia Land and Water Company.

Mr. Whilheltz proposed the island of Santa Catalina, off San Pedro, 23 miles from the coast and 28 miles from the landing, 5,000 acres.

Proposition was made on behalf of the Inglewood Company of a site  $4\frac{1}{2}$  miles from the city; artesian water in abundance; two railroads passing through the grounds; price \$50,000, which will be contributed by citizens.

Colonel Bonsall suggested the Freeman homestead of 300 acres.

No other parties desiring to be heard, the Board decided to visit the sites suggested, or such of them as were deemed available on the following day.

November 30 the Board proceeded to examine the sites proposed at Inglewood and the vicinity of Santa Monica.

The sites were carefully inspected with reference to water supply, healthfulness, and accessibility.

On the same evening the Board proceeded to San Diego, where they were received and kindly entertained by the mayor, the representatives of the board of trade, and other prominent citizens of the city.

An open session was held for the purpose of receiving propositions.

The sites proposed on behalf of the municipal authorities of San Diego were 169 acres in the reservation of the city park (subsequently increased to 200 acres) and another site on the west side of the bay of San Diego, lying between the foot-hills and the water.

Sites were also offered by the San Diego Town and Land Company in the vicinity of National City, namely: two different tracts, of 600 acres each, lying on the line of the railroad in the direction of the Great Sweetwater Dam, to be supplied with water from the reservoir of the National City, about 5 miles from the coast.

Also a tract of 300 acres on another branch of the railroad from National City toward the Mexican frontier, about one-half mile from the coast; water supply the same.

December 1 the Board proceeded to examine carefully the sites offered in the vicinity of San Diego, and December 2 the sites offered on behalf of the San Diego Town and Land Company in the vicinity of National City.

The same evening the Board proceeded by train to San Bernardino.

December 3 the Board proceeded in a special train, furnished by the courtesy of the Hesperia Land and Water Company, to visit and examine the site offered by that company in San Bernardino County, and the same day resumed its journey east.

December 3, the Board convened in executive session on the car St. Nicholas. Colonel Harris moved that the Board proceed to take an informal ballot, and that each member name on such ballot three places, as his first, second, and third choice for the location of the Pacific Branch.

General Black, for the purpose merely of discussion as to the relative merits of the sites offered, moved as an amendment that San Diego or its vicinity be selected as the site for the said branch.

After considerable discussion, General Hyde moved as an amendment to the amendment that Santa Barbara be substituted for San Diego.

General Hyde's amendment was accepted by General Black, but after further discussion of a general character was withdrawn.

General Negley thereupon offered an amendment to the original motion that Santa Monica or the vicinity thereof be selected as the site for the Pacific Branch.

The president of the Board proposed as a further amendment that Oakland or the vicinity thereof be selected as the proposed site.

After further general discussion, both amendments were withdrawn and the original motion to proceed to an informal ballot for the selection of a site, each member voting for three places as first, second, and third choice, was adopted.

The ballot resulted as follows:

| First choice.  | Second choice.  | Third choice.  |
|--|---|--|
| San Diego,<br>Monterey,<br>Bay of San Francisco,<br>Oakland,<br>Santa Barbara,<br>Santa Monica,<br>Santa Barbara,<br>Oakland,<br>Santa Monica,<br>Oakland. | Oakland,<br>Hesperia,<br>Santa Barbara,<br>Napa,<br>San Diego,<br>Santa Rosa,<br>San Diego,<br>Monterey,<br>San Diego,<br>Santa Cruz. | Santa Barbara,<br>Los Angeles,<br>Los Angeles,<br>Santa Cruz,<br>Santa Monica,<br>San Diego,<br>Los Angeles,<br>Los Angeles,<br>Santa Barbara,<br>Santa Barbara. |

It being explained that the votes for Los Angeles and Santa Monica were to be counted for Santa Monica, and the ballot for the Bay of San Francisco as meaning Oakland, the result was announced as follows:

|                     | First. | Second. | Third. |                   | First. | Second. | Third. |

The Board thereupon took a recess until certain propositions addressed to the Board at Los Vegas could be received and considered.

PHOENIX HOTEL, *Los Vegas*.

The Board reconvened in executive session.

The following telegraphic communication was laid before the Board:

LOS ANGELES, *December 3, 1887.*

General W. B. FRANKLIN,

*Chairman of Managers Nat'l Home Com. (Care Cond'r No. 2):*

Our proposition is 600 acres and \$50,000, or 300 acres from Jones & Baker and \$100,000, guarantied payable in yearly installments of \$20,000 cash, and the water supply and other items mentioned in our written propositions.

JOHN H. JONES,

*Per Walter Van Dyke, his att'y in fact.*

A. B. D. BAKER,

*By her att'y in fact, Robert L. Baker.*

Other communications from various points were received modifying in some particulars or repeating offers already considered by the Board.

A communication from the representatives of the tracts near Santa Monica, referred to in the foregoing dispatch, was called for, and after being read was ordered on the minutes, as follows:

*To the Honorable Board of Managers of the National Home for Disabled Volunteer Soldiers:*

GENTLEMEN: The undersigned respectfully offer the site hereinafter described for a Branch Home for Disabled Volunteer Soldiers, to wit: Six hundred acres of land in one body to be selected out of the ranchos "San José de Buenos Ayres" and "San Vicente y Santa Monica," without cost to the Government, said site to be selected by you anywhere along the line dividing said ranchos, and in equal portions on each side thereof, the whole forming one compact body.

That portion near the foot-hills on said line and running up to the base of the mountains would command a most magnificent view of mountains, valley, city of Los An-

geles, and the ocean, and could not well be surpassed for beauty of location in the State of California.

The land is rich sandy loam, being composed of decomposed granite and vegetable mold, and makes the warmest and richest soil possible, capable of producing not only all the varieties of fruits and vegetables peculiar to this semi-tropic region, but is susceptible of being beautified and ornamented with flowers, grass, and trees equal to any spot in the country.

A site can be selected along the line indicated, nearly all of which is ready for the plow, no stones or bushes to be cleaned up, a portion already being under cultivation.

Drainage is excellent and sewerage can be made as nearly perfect as in any location that could be named.

The distance from the city of Los Angeles is about 14 miles in a westerly direction, and from the Pacific Ocean at Santa Monica about 5 miles distant, and nearly on a direct line between the two points.

The Los Angeles County Railroad, which is now graded nearly the whole distance from Los Angeles to Santa Monica, will run through the tract offered, and a station will be located to accommodate the Home. This road offers also, in connection with this proposal, to carry all inmates and officers of the Home at one-half fare, and to transport all supplies for the Home and all merchandise to and from the Home at one-half the regular rates, and offer to run hourly trains from the city of Los Angeles to the sea.

And it may be further stated that the track of the present railroad between Los Angeles and Santa Monica run within a few rods from the southerly end of the strip from which it is hereby offered to have the tract of land taken, and a station is located about the nearest point on said road.

In addition to the foregoing offer of land in one body, 5 acres of water-bearing land is also offered at a convenient distance from the main tract, with springs of flowing water of sufficient capacity to furnish 250,000 to 500,000 gallons daily; also a reservoir site of such elevation as to command the most perfect service.

Near the proposed site there is a quarry of excellent sandstone for building purposes and a quarry of fine granite within 4 miles; also a most excellent brick-clay land nearby, thus bringing within easy access the various kinds of building material.

On the point of climate, it is generally considered that the foot-hill region of the Cahuengo Mountains, from 4 to 10 miles back from the Pacific Ocean, has no superior even in any portion of this favored land of southern California. It is a well-known fact that it has such immunity from frosts as to be able to uniformly produce for the general markets tomatoes and other tender garden plants in the months of December, January, and February; and the same causes that ward off the frosts give to this locality also immunity from fogs; while its nearness to the ocean secures for it a breeze, not harsh, but delightfully cool and refreshing every summer's day; so that a Home located on the spot offered will be a delightful and genial resting place in winter as well as in summer for the veterans who may gather together there, not equaled in any respect by any other Home in the whole country.

In conclusion, we would state that the land hereby offered is reasonably worth on an average \$400 per acre, or \$240,000 for the entire tract, aside from the additional offers made by other parties as above mentioned.

Very respectfully, yours, etc.,

JOHN P. JONES,

*By Walter Van Dyke, his attorney in fact.*

A. B. D. BAKER,

*By her attorney in fact, Robert L. Baker.*

LOS ANGELES, CAL., November --, 1887.

We, the undersigned, acting as trustees, hereby agree, in addition to the above, to donate \$50,000, payable in yearly installments of \$10,000, to be applied to the improvement of the ground.

E. E. HALL, *Trustee.*

S. N. LIUTMELER,

T. C. GARBUTT.

In the event that the selection should be made from the 300 acres offered by Jones and Baker, then the Los Angeles and Santa Monica Land and Water Company will donate \$50,000 cash, payable \$10,000 yearly, in addition to the \$50,000 offered by the trustees.

LOS ANGELES LAND AND WATER CO.

By E. E. HALL,

*Secretary.*

L. N. LIUTMELER,

T. C. GARBUTT,

*Directors.*

After a lengthened discussion and further reading of other communications relating to other proposed sites, General McMahon offered the following resolution :

*Resolved*, That the Pacific Branch of the National Home for Disabled Volunteer Soldiers be established and maintained in the county of Los Angeles, Cal., near the town of Montea, on 300 acres of the Jones and Baker tract, to be selected by this Board, subject to the establishment to the satisfaction of the Board of the guarantees and offers made in writing and by telegraph and in behalf of the owners of said tract and others.

The ayes and noes were called for, and resulted as follows :

Ayes—General Franklin, Colonel Harris, General McMahon, General Negley, General Black, General Sowell, Colonel Mitchell, Captain Blanding—8.

Noes—General Martin, General Hyde—2.

The motion was thereupon declared carried.

General Negley offered the following resolution, which was, after considerable discussion, adopted :

*Resolved*, That the question of the acceptance of the property in Napa Valley, belonging to the Veteran Home Association of California, be referred to a committee of three, of which the president of the Board shall be one, for such action as may be deemed for the best interests of the National Home.

The President appointed on such committee General Black and General McMahon.

General Martin offered the following resolution, which was adopted :

*Resolved*, That immediately upon the completion of suitable quarters at the Pacific branch all soldiers and sailors eligible for admission who are now cared for at the Veteran's Home in Napa Valley be admitted to the National Home.

General McMahon offered the following resolution, which was adopted :

*Resolved*, That the president of the Board be authorized and directed to take the necessary steps to secure a complete and unincumbered title to the lands to be selected for the Pacific Branch in the county of Los Angeles, Cal., and upon being satisfied that the conditions and guarantees made by the owners of said lands and other parties have been fully made and fulfilled, shall at once cause possession to be taken of the said lands and shall proceed at once, in pursuance of law and the orders of this Board, to secure the erection of the proper buildings on the said lands for the use of the said branch.

W. B. FRANKLIN,

*President Board of Managers National Home for Disabled Volunteer Soldiers.*

General Martin moved that the president be authorized to loan \$1,500 from the Ward fund, to purchase instruments and uniforms for the band at the Western Branch, the same to be repaid from the store or amusement fund, when a sufficient amount has been accumulated therein. Adopted.

General Hyde moved that the president be authorized to legally purchase necessary crockery and cutlery for the use of the Home. Adopted.

General Martin presented a letter from D. C. Goodrich, treasurer's clerk at the Western Branch, asking an increase of salary; which was referred to the president, with power.

General Martin offered the following:

*Resolved,* That the president be empowered to contract for the erection of residences for the governor and secretary of the Western Branch, in accordance with the plans prepared by the architect; and also, that he be authorized to have a suitable residence built for the surgeon.

Adopted.

General Negley offered the following:

*Resolved*, That the acting treasurer is hereby authorized and empowered to take such means as may be necessary to obtain the sum of \$22,262.46 from the Treasurer of the United States, appropriated by act of Congress (Public—124), approved July 9, 1886, to receipt for it in the name of the National Home for Disabled Volunteer Soldiers, and to apply it in the manner directed by the said act.

Adopted.

The president appointed Col. L. A. Harris, General Thomas W. Hyde, and Capt. John L. Mitchell a committee to audit the accounts of the acting treasurer.

Colonel Harris presented the following report of the auditing committee on the accounts of the acting treasurer for the quarter ending June 30, 1886; which was received and ordered to be placed on the minutes:

TOGUS, ME., July 21, 1886.

The undersigned have this day examined and audited the accounts of General W. B. Franklin, acting treasurer of the National Home for Disabled Volunteer Soldiers, for the quarter ending June 30, 1886, and find the same to be correct and supported by the proper vouchers.

The balance in his hands June 30, 1886, was \$108,023.33 belonging to the general fund, and \$37,071.68 belonging to the Western Branch fund. Total, \$145,095.01.

L. A. HARRIS,  
THOMAS W. HYDE,  
JOHN L. MITCHELL,  
*Committee.*

Colonel Harris presented the following report from the committee appointed to audit the accounts of the treasurer of the Southern Branch:

HAMPTON, VA., July 15, 1886.

I have this day examined the accounts of Capt. Wm. Thompson, treasurer Southern Branch National Home for Disabled Volunteer Soldiers, for the period commencing April 1, 1885, and ending June 30, 1886, and find them correct and supported by the proper vouchers.

Referring to missing voucher belonging to the accounts of Capt. P. T. Woodfin, treasurer, referred to in preceding certificate, I have been shown said voucher, it having been returned to treasurer by Second Auditor, in whose office it had been, and upon whom several demands had been made for its return.

I find that the treasurer has received during this period, including balance of cash on hand April 1, 1885, \$252,226.09 in cash, and has expended \$251,367.37, leaving a balance on hand June 30, 1886, of \$858.72.

L. A. HARRIS, *Auditor.*

HAMPTON, VA., July 16, 1886.

I have this day examined the accounts of the store at Southern Branch National Home for Disabled Volunteer Soldiers for the period commencing April 1, 1885, and ending March 31, 1886, and find them correct and supported by proper vouchers.

As stated in the preceding certificate, by reason of the decision of the honorable Solicitor of the Treasury on the status of the funds in the Exchange National Bank, Norfolk, Va., at the time of its failure, no correct balance could then be given. But as I am informed that the bill to re-imburse the Home for all losses resulting from said failure has passed both Houses of Congress, and has been signed by the President, the balance of cash on hand, including the deposit in said Exchange National Bank, in post fund is \$14,516.95; the balance at date of last auditing was \$7,713.83; showing a gain of \$6,803.12.

L. A. HARRIS, *Auditor.*

General John A. Martin and Col. L. A. Harris were appointed by the president a committee to audit the accounts of the Eastern Branch.

### 34 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

General Martin presented the following reports from the committee appointed to audit the accounts of the treasurer of the Eastern Branch:

Togus, Me., July 21, 1886.

We certify that we have examined the accounts of the Eastern Branch National Home for Disabled Volunteer Soldiers up to March 31, 1886, and found the same correct and supported by proper vouchers.

Missing voucher No. 33, second quarter 1884, has been exhibited and found correct. We find the balance to be \$4,435.23.

JOHN A. MARTIN.

JOHN A. MARTIN.

General Martin offered the following, which was adopted:

*Resolved*, That the president of the Board is authorized to appoint for each branch of the Home a council of administration, to consist of not less than three officers, which shall have charge of the management and expenditure of the home store fund at each branch, and no expenditure of any portion of said fund shall be made without the order of said council of administration, but no building shall be erected by said council without the order of the Board of Managers previously obtained.

The president caused to be read two letters to him and one to Colonel Harris from Dr. W. W. Godding, superintendent of the Government Hospital for the Insane, which were ordered to be spread upon the minutes, as follows:

GOVERNMENT HOSPITAL FOR THE INSANE,  
Washington, D. C., June 28, 1886.

DEAR SIR: Referring to your letter of the 26th instant, I would say that we have to-day 1,254 insane persons actually resident in the hospital, of whom 176 have been received from the National Home for Disabled Volunteers, under the United States Statutes at Large, Forty-seventh Congress, first session, chapter 433. This is the number remaining out of 288 admitted from the Home under authority of that act. It will be observed that this is considerably in excess of the number estimated at that time, and for whom the provision was made. The hospital is certainly sufficiently crowded at the present time, and except as vacancies occur by death and removal I do not see how any more can be received without positive discomfort and danger. Should Congress see fit to grant an appropriation for a distinct building for the con-

riety and criminal insane, and the extensions of the lodges for the colored insane, which are estimated for by the Department, but have not been provided for in the sundry civil bill in the House, this would, within a year, enable us to provide for 100 additional insane from the Home. But we can not make bricks without straw, and unless the omission can be supplied in the Senate, I shall be unable to do any more in the future than we have done in the past, especially if the number of insane received from the District of Columbia continues as at present.

If Congress would only make the much-needed provision for these United States insane convicts, I think it would solve the difficulty, at least for some time to come.

Yours, very truly,

W. W. GODDING, *Superintendent.*

Col. L. A. HARRIS,

*First Vice-President Board of Managers, National Home for Disabled  
Volunteer Soldiers, 400 West Seventh street, Cincinnati, Ohio.*

Whereupon the following resolution was adopted:

*Resolved*, That the Board of Managers of the National Home for Disabled Volunteer Soldiers estimate and appropriate out of the moneys which may be provided by law the sum of \$417,568.90, as necessary to meet the current expenses of the five branches of the Home for the quarter ending March 31, 1887, and for construction and repairs, out-door relief, and incidental expenses of the National Home; and that the acting treasurer be, and he is hereby, authorized to take such means as may be necessary to obtain the sum of \$417,568.90 from the Treasury of the United States, and to receipt therefor in the name and behalf of the National Home.

The president submitted draught of the annual report of the Board to Congress, which was discussed at length, and, after certain modifications, was adopted.

The president announced that Dr. A. S. Dunlap, first assistant surgeon of the Central Branch, had resigned, and that he had selected Dr. R. H. Grube, heretofore second assistant surgeon, to be first assistant surgeon, at a salary of \$1,000, to fill the vacancy created by the resignation of Dr. Dunlap.

The president also announced the death of Dr. Wallace Bolan, surgeon of the Eastern Branch, and informed the Board that he had promoted Dr. William H. Leighton to be surgeon, to fill the vacancy thus created, subject to the approval of the Board.

Upon motion, the action of the president was confirmed, and Dr. R. H. Grube was elected first assistant surgeon of the Central Branch, and Dr. William H. Leighton surgeon of the Eastern Branch.

The president presented certain communications from the governor and surgeon of the Western Branch, which were read to the Board, and, after full discussion, were referred back to the president.

On motion, the office of assistant surgeon of the Western Branch was created, and the salary fixed at \$1,000, and the president of the Board was thereupon authorized to make the appointment, subject to the approval of the Board.

The report of General Moore, secretary and treasurer of the Northwestern Branch, on the accident by which Jesse Webb, Ninety-seventh Illinois Volunteers, was injured in the elevator shaft, and the claim for compensation therefor, was submitted and read. After examination of the report of General Moore and the evidence submitted, the application for compensation was denied.

General Hyde, in reporting on the matter of the water supply at the Eastern Branch, submitted a proposition from the Augusta Water Company, which was read and discussed by the Board.

On motion of General Black, the matter was referred to the president and local manager, to prepare a contract with the Augusta Water Com-

pany, with certain modifications of their proposition as to time and terms of agreement, and with certain conditions, such as are found in the contract made by the Board with the Leavenworth Water Company, and submit the same at the next meeting.

General Martin presented the following proposition of Messrs. Neely & Insley to donate the right of way and open a road to the Western Branch from the city limits, through grounds owned by them adjoining the Home grounds :

LEAVENWORTH, KANS., *December 13, 1886.*

GENTLEMEN: We have the honor to herewith hand you a sketch of proposed road or street, commencing at a point on Fourth street, and running as indicated on plat, through Neely & Insley grounds, to north line of Soldiers' Home grounds; together with sketch showing elevations, cuts, fills, etc. Also, plat of proposed road from Penitentiary, or Kansas City road, through what is known as the "Bain tract," to west line of Soldiers' Home grounds; together with city engineer's estimate of cost thereof.

ESTIMATE OF COST OF STREET THROUGH NEELY & INSLEY GROUNDS.

|   |         |
|---|---------|
| Grading 25,000 yards, at 20 cents ..... | \$5,000 |
| Bridge.....                             | 1,000   |
|   | 6,000   |

OUR PROPOSITION.

We propose to donate the street, 70 feet wide, to the city, grade the same so as to make a good road, build the required bridge, as per plat herewith, for the sum of \$3,500.

The proposed street or road being within the corporate limits of the city, it will necessarily follow that the city will take care of all repairing, and keep the street in proper condition for travel after it is opened to the public. A road opened through the 2 "Bain tract" would cross two railroads between the Kansas City road and Home grounds, to which we respectfully call your attention. It would also be outside of the corporate limits and would necessarily have to be kept up at the expense of the Home. If our proposition is accepted we will have the road ready for travel early as possible next spring.

Very respectfully, your obedient servants,

NEELY & INSLEY.

Generals WILLIAM B. FRANKLIN and JOHN A. MARTIN,  
*Committee, Washington, D. C.*

After discussion the following resolution was adopted:

That the president of the Board be authorized to make suitable arrangements for the opening of a road into the grounds of the Western Branch upon such terms as may be found to be for the best interests of the Home.

Upon motion of Captain Mitchell, it was ordered that an additional officer be appointed at the Northwestern Branch, to be known as secretary of the branch, and who shall perform the duties of that office and such other duties as may be prescribed from time to time by the Board of Managers or the president thereof, and upon the appointment of such officer the present treasurer and secretary of such branch shall be thereafter known as the treasurer of the branch, and shall perform the duties properly appertaining to that office; and that the president of the Board be empowered to make the appointment herein authorized and fix the salary thereof, subject to the approval of the Board.

The president appointed General Hyde, General McMahon, and Captain Mitchell to audit the accounts of the acting treasurer. The committee subsequently submitted the following report, which was adopted:

WASHINGTON, D. C., *December 18, 1886.*

The undersigned have this day examined and audited the accounts of General W. B. Franklin, acting treasurer of the Board of Managers of the National Home for Disabled Volunteer Soldiers, for the quarter ending September 30, 1886, and find the same correct and supported by proper vouchers.

M. T. McMAHON,  
*Committee.*

Colonel Harris submitted a report on the claim, heretofore referred to him, of the executors of the estate of S. M. King to the right to tap the water main at the Central Branch. The report was accompanied with papers and proofs, and, after full discussion and careful consideration, the following resolution was adopted:

*Resolved*, That the privilege of tapping the water main of the Central Branch of the National Home for Disabled Volunteer Soldiers by W. B. King, as specified in an agreement of June 29, 1886, and signed by General M. R. Patrick, governor, be, and is hereby, revoked and declared void and of no effect whatever.

The president presented a letter from Col. Theo. Yates, U. S. Army, retired, asking that certain action taken by the Board in 1875, in his case, be reconsidered (printed minutes, page 312, Vol. I).

After discussion and explanation of the circumstances by General Negley, the motion was denied, and the president directed to inform Colonel Yates, who was in waiting. Colonel Yates subsequently appeared before the Board in person, and made an explanation, claiming that he had never been made aware of the precise action taken by the Board, as shown in its resolution of 1875.

The whole subject, after further discussion, was referred to the president for further inquiry.

Upon motion, it was resolved that when the Board adjourn it be to meet in New York City, on Tuesday the 19th day of April, 1887.

General W. B. FRANKLIN,

President Board of Managers National Home Disabled Volunteer Soldiers,  
Hartford, Conn.

In the discussion of the question of the admission of insane applicants who are eligible for admission to the Home to the Government Hospital for the Insane, under the provisions of the act of August 7, 1882, it was elicited as the sense of the Board of Managers, that the order for admission of any manager, of an applicant, *ipso facto*, gave the applicant the legal status of a member of the Home, and that he became entitled thereby to all the rights and privileges of a member. It was further concluded that, in a proper case, the order of the president of the Board for the admission of such member to said hospital could and should be sent direct to the member at his residence, and that transportation should be sent for such insane member direct to such hospital, thus avoiding the sending to a branch of the Home; such transportation not to include any person other than the insane member.

The chair presented the following copy of a letter, addressed by the president of the Board, to Col. Theodore Yates:

HARTFORD, CONN., January 18, 1887.

SIR: Your letter of the 14th instant has been received. I inclose you a copy of the minute of the Board of Managers in your case, of December 17 last.

The only inquiry that I have been able to make in the matter is to examine the journal of the proceedings of the Board in relation thereto. I find that it was thoroughly investigated, and the last resolution (that of which you complain) was the unanimous act of the Board—nine members being present. Of these nine, Chief-Justice Waite and General Negley are now on the Board.

I shall take no further action in the matter, and if you make any further communication to me on the subject, I shall refer it to the Board of Managers.

Very respectfully yours,

W. B. FRANKLIN,  
President.

Col. THEO. YATES,

No. 519 Sixth Street N. W., Washington, D. C.

The president of the Board having arrived, assumed the chair.

Captain Blanding presented the following resolutions of the Veterans' Home Association of California, which were read and ordered on the minutes:

HEADQUARTERS, VETERANS' HOME ASSOCIATION,

Whereas the Congress of the United States, to whom said offer was made, has recently passed an act to establish a branch of said Home west of the Rocky Mountains: Now, therefore, be it

*Resolved*, That the Board of Managers of said National Home be, and is hereby, respectfully invited to visit, inspect, and accept the said property for the purpose of establishing there a branch of said Home, as contemplated by said act of Congress.

*Resolved*, That the board of directors of this association be, and is hereby, authorized and instructed to take such steps as may be necessary to transfer the said property to the United States, if the same shall be accepted, for the purpose aforesaid.

*Resolved*, That a copy of these resolutions, duly certified by the president and secretary, under the seal of the association, be forwarded, through Capt. William Blanding, to said Board of Managers.

Captain Blanding made a full explanation in regard to the desire of the California Veterans' Home Association as to their property, and gave a description of the site and the buildings thereon.

Communications were received and read from the boards of trade of the cities of Los Angeles and Santa Rosa, proposing sites for the new branch at or near those cities.

Several other communications upon the same subject were received from points west of the Rocky Mountains.

General Black presented written statistics as to the rain-fall in Napa Valley, Cal., in 1884, in connection with the subject of the water supply at the home offered by the Veterans' Home Association of California.

After considerable discussion, on motion of General Negley, it was—

*Resolved*, That the Board at its autumn meeting proceed to visit and examine the proposed sites for the new branch of the Home west of the Rocky Mountains.

Upon motion of General Black, it was ordered that a committee of three be appointed to consider the time of visiting the proposed sites, and the question of water supply and other requirements at the points offered for selection.

The president appointed for such committee General Black, General Martin, and General Negley.

Mr. L. T. Smith, of Leavenworth, president of the Leavenworth Northern and Southern Railway Company, appeared before the Board in regard to the proposed switch to the boiler-house at the Western Branch, heretofore contracted for.

His written proposition, addressed to the president, that the Home should bear one-third of the expense of building the same, was submitted and read to the Board, and Mr. Smith was heard in person on the subject.

Upon motion of General Negley, it was ordered that a committee of three, the president being one, be appointed to consider the question of the proposed modification of the contract with the railroad companies, as requested by Mr. Smith, in regard to the expense of building the switch, such committee to report back to the Board.

The president appointed as members of such committee General Sewell and General Black.

The president presented the estimates for the quarter ending 30th June, 1887, which, after careful revision, were agreed upon as follows:

Whereupon the following resolution was adopted :

*Resolved*, That the Board of Managers of the National Home for Disabled Volunteer Soldiers estimate and appropriate out of the moneys which may be provided by law the sum of \$177,614.37 as necessary to meet the current expenses of the five branches of the Home for the quarter ending 30th June, 1887, and for construction and repairs, out-door relief, and incidental expenses of the National Home ; and that the acting treasurer be, and he is hereby, authorized and empowered to take such means as may be necessary to obtain the sum of \$177,614.37 from the Treasury of the United States, and to receipt therefor in the name and behalf of the National Home.

General Martin offered the following resolutions :

*Resolved*, That the president of the Board be authorized and instructed to sell, after due advertisement, the tract of land at the Western Branch known as the "Morgan tract," said land, or so much of it as may be disposed of, to be sold at not less than \$300 per acre.

*Resolved*, That the money derived from the sale of this land shall be devoted to the improvement and adornment of the Western Branch of the Home.

AUGUSTA, ME., *January 4, 1887.*

SIR: The Augusta Water Company, of Augusta, Me., desire to withdraw their offer made December 1, 1886, to furnish water for the Eastern Branch Home, at Togus, Me., and substitute therefor the following proposition :

This company will lay sufficient cast-iron main pipes to or near the buildings of the Eastern Branch Home, and will lay such an amount of distributive pipes as will properly connect all hydrants, fountains, and watering-trough at their expense; and will furnish, set, and maintain in good order until this contract shall be terminated twelve three-nozzle hydrants, with proper gates and connections; said hydrants to be gate or valve, as you may select. All the work to be completed ready for delivery of water on or before July 1, 1887. Water to be taken from the Kennebec River, above the dam, and to be supplied to the Branch Home for fire protection, hydraulic elevators, drinking, cooking, building, bathing, steam, and heating purposes, sufficient for its wants, whatever they may be; will also furnish water for six small ornamental fountains and one public water-trough, as you may require it, for the sum of \$200 per month for the first year, \$250 per month for the second year, \$350 per month for the third year, \$450 per month for the fourth and fifth years, payments to be made at the end of each quarter, and to commence from July 1, 1887. No greater sum than \$450 per month will be demanded or required by the water company for the supply of the Home, under the above conditions, unless the number of members residing at the Branch shall exceed 3,000, when such additional sum shall be paid as will make the rate per member the same as when \$450 monthly is paid for 3,000 members; the number of members present at the Home on June 30 of each year to be the basis of the monthly payments for the next year. Whatever conditions may be required as to payments being conditioned upon appropriations, and cancellation of the contract upon twelve months' notice, will be accepted by this company. Should the supply of water be interrupted, except by unavoidable accident or by temporary stoppage for necessary repairs, the company is to pay the Home whatever damage it may suffer in consequence of such interruption, such damage to be determined by arbitration.

Very truly, yours,

JOSEPH R. BODWELL,

A close and constant supervision is exercised throughout the culinary department and in the service of meals in the great dining hall.

#### EMPLOYMENT.

We had on extra duty with pay last year 1,936, and this year 1,770; without pay last year 1,450, this year 1,507. Our men are becoming more and more enfeebled by age and disability, making it necessary to employ a larger number of civilians to perform the duties for which our own men are incapable, a total of 113 civilians being now employed against 86 last year. Old members of the Home are now dropping from the pay-roll because they find themselves too much broken down to continue labor as in the past.

#### AMUSEMENTS.

The usual summer dramatic company began its ten weeks' engagement at this branch early in June, 1886, giving two entertainments each week, and from the time they left until the close of this year there was an unusually large number of entertainments given, generally dramatic; on two or three occasions lectures.

## 66 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

An unusually fine dramatic company is now here under a ten weeks' engagement, and the performances are better patronized than for the past two or three years.

There have been quite heavy expenditures from the post fund for needful repairs, fittings, and furniture for memorial hall, which, for want of money, we have not been able heretofore to have done.

### VISITORS.

As usual, the flow of visitors to the Home by rail and otherwise does not diminish. Never a week during the warm season which does not bring us thousands, the report showing a total of 155,452 for this year.

### HEALTH.

As will be seen from the report, the number of men treated at sick call and in hospital and the number of deaths shows an increase over last year, but, as has been said, this must be expected as our men grow older.

### LIBRARY.

The governor is still acting as librarian.

The number of books in our library has been increased during the year by several large and fine donations from Mrs. Putnam and others, but on account of lack of shelf room many of the books are piled up wherever room can be found, but we hope for better accommodations before very long.

### POST-OFFICE.

Since our last report the post-office at this branch has moved into new and exceedingly convenient quarters, where the large amount of business can be most satisfactorily conducted.

### TRANSPORTATION.

The passage of the interstate commerce bill caused the railroads generally to nullify the half-fare arrangements for the transportation of our members, which had been in practice for many years, but most of the railroad companies have now resumed their former relations to the Home, and the old system is being resumed.

### PERMANENT IMPROVEMENTS.

In the line of permanent improvements, the addition to mess-hall, kitchen, and bakery, is giving us great satisfaction, and will enable us to meet the constantly increasing demand for bake-house and mess-kitchen facilities.

The system of tunneling commenced two years ago, so far as completed, is most satisfactory in its results in affording water, gas, and steam throughout the Home.

Connections with the main tunnel have been made this year with headquarters, memorial hall, church, governor's, treasurer's, secretary's, and commissary's quarters, mess-hall, kitchen, bakery, bath-house, Home store, amusement hall, and barracks 1, 2, 3, 4, 5, 6, 7, 8, 10, 14, 15, 16.

The new receiving vault connected with the hospital has been completed within the year, and is a very great convenience to the institu-

tion, as it enables us to hold in safety subjects for interment which, from any cause, it is desirable to hold a day or two for the arrival of friends, or other satisfactory reasons.

#### FARM.

With the opening of the last spring, it was deemed advisable to make a change in our system of farming, so far as regards the expenses of superintendence and labor, the governor assuming the immediate superintendence and control of all agricultural operations, merely hiring one experienced citizen who can be relied upon to do such work as none of our Home members are capable of performing. Thus far the results are satisfactory, and the large hay crop, as well as a smaller area of grain crops, have been secured in the very best condition, but the extreme drought, which has nearly ruined all the later crops in this and the adjoining States of the West, will make our potato, corn, and root crops very light.

#### DISCIPLINE.

Soon after the commencement of this last financial year (July 12), a beer hall was opened here in the Home for the benefit of its members.

As is well known to the Board, it was a matter that had been under discussion for years. In the Army, it has been the usage to sell beer certainly for more than half a century, and for several years (I know not how many), at the other branches of the National Home.

For some reason, I know not what, a terrible outcry was made through the press, through the mails, and by personal appeals to the governor, for the redress of this outrage upon the members of the Central Branch and upon the interests of good order, good morals, and religion generally.

Possibly the fact that the governor had been known for more than fifty years as an active temperance man, both in military and in civil life, may have had something to do with this onslaught upon him as a renegade. It is very true that the governor would gladly close every saloon in the land if it were in his power, but inasmuch as this Central Branch, is hedged in on all sides by saloons dives, and hells of the vilest character to entrap our men the moment they are outside of the gates, it seemed wise to choose the less of two evils, either to furnish them with the best article of beer that can be purchased in the Home at a cheap rate, and retain our men under our own control, or suffer them to go outside, get drunk on the vilest drinks of every kind, get robbed of their money and kicked into the street, or secreted in the infamous dives that surround us until their money is exhausted and they are turned out penniless.

The statistics and records of this branch for the past year speak for themselves :

The official report of Hon. Ira Crawford, mayor of Dayton, gives the number of arrests of our members from July 12, 1885, to July 1, 1886, as 486, while for the same length of time after the beer hall was opened (July 12, 1886 to July 1, 1887), as 274, a difference of 212.

The surgeon reports that the small number treated for alcoholism this year (14), as compared with 38 in 1886 and 35 in 1885, is without doubt, in his opinion, to be credited to the less number of members who are given to protracted debauches and bad liquor since the opening of the beer hall. Only such cases as can not with safety be treated out of hospital are brought to hospital for treatment after a spree, and those

treated in camp, especially at the guard-house, are not one-fifth as many this year as in former years.

That a large number of our men will drink to excess when they have the opportunity is true, and notwithstanding the watchfulness of our employés at the beer hall these shrewd old toppers will manage to get tight; but on leaving the beer hall, if they show intoxication, they are at once sent up to the guard-house, to remain until the next morning, without having had an opportunity to kick up a row in town, or on their way home, or along the avenues of the Home.

Still another result: The beer we furnish is of the very best, and the man who gets intoxicated on it to-day is fit to be turned out to-morrow morning at 8 o'clock with a clear head and ready for duty, whereas a town drunk renders a man unfit for duty two, three, and four days.

Once more: The cry that less money would be sent by pensioners and employés to their families is disposed of by the showing of treasurer's report and that of the postmaster.

The discipline and good order of the Home have never been as good as now within the last six or seven years at least, nor have the men been as contented.

I am happy to say that candid men and women of the most intense prohibition proclivities, who have been here at the Home and in Dayton making investigation fairly on the spot, have decided that under the circumstances it is best to leave the Home authorities to the exercise of their own judgment in this matter.

It is only theorists and fanatics at a distance, who know nothing of the circumstances, who keep up the cry, "Down with the beer saloon at the Soldiers' Home!" There are those who for their own purposes make statements to the effect that the men of the Home are induced to patronize the beer hall for the pecuniary benefit of somebody, presumably the Home authorities. It is true that the Home authorities and all connected with the Home are benefited by the expenditure of money in the Home instead of outside, the profits accruing from the sale of beer within the Home going to the post fund, which, as seen by the treasurer's report, has been very largely increased, thereby enabling the council of administration, of which the governor is chairman, to greatly increase the band, to afford more frequent amusements and of a higher class, to replenish library, reading-room, etc., and, in general terms, to expend a large sum of money during the last year with the sole object of giving pleasure, comfort, and enjoyment to the men beyond what is provided for by Congressional appropriations.

It is not to be supposed that it is our object to make money, even for these purposes, at the expense of the health or morals of the men.

As we find it necessary we place restrictions upon hundreds of our men, some being entirely debarred from the beer hall and others being limited to one or two glasses, according to their physical, mental, or moral condition.

It is the opinion of every officer of this Home, whether prohibitionist or otherwise, that under existing circumstances the beer hall has reduced vice, crime, debauchery, sickness, and the waste of money, that should go to the families of members, in a very marked degree.

Very respectfully,

M. R. PATRICK,  
*Governor.*

General M. T. McMAHON,  
*Secretary Board of Managers*  
*National Home for Disabled Volunteer Soldiers.*

## SANITARY REGULATIONS.

Last year's report expressed the hope that we should soon have an ample supply of water in the course of a few months.

That hope was realized on November 5, when the water from the "Blown Wells" poured into the upper lake at the rate of 800 gallons per minute, filling all our lakes to the brim in the course of a few weeks, and keeping them full from that time forward. Up to that time we had been obliged to greatly limit our bathing facilities and the use of water in every way. All our fears on this subject are now of the past, and we have an abundance of the purest water to meet all our wants, and our men are required to bathe at least once per week, except those in hospital, who are of course controlled by the medical officers in charge.

The number of baths taken during the year amounted to 132,400, the number being greatly increased after the water supply was assured.

RELIGION AND SOCIETIES.

The usual services of the Protestant Church have been conducted by the chaplain through the year.

During the latter part of July and nearly the whole of August the Sunday evening services were omitted on account of the warm weather.

While the church building was undergoing repairs, during a large portion of the winter, preaching services, morning and evening, were held in Memorial Hall. All these services were well attended.

One hundred and seventy funerals were attended by the Protestant chaplain, and visitations made to hospital two or three times each week and special visits whenever they were required.

The reception hours in the study of the church, from 8 to 10 a. m., four days in the week, for those desiring religious conversation and instruction, have been productive, in my judgment, of much good.

There is a men's Bible-class meeting in the church each Sunday morning from 9 to 10 o'clock and a children's school meets at the same hour in Memorial Hall, to meet the wants of families in the Home having quite a number of children.

Since the latter part of October the German Protestant service has been held in the afternoon by the Rev. E. S. Lorens, who is a most acceptable preacher, both in German and in English. His services have been well attended, and he also officiates at funerals and otherwise as may be desirable.

The services of the Catholic Church have been regularly held in their own chapel, as heretofore, Rev. Dr. C. S. Kemper, though living at St. Elizabeth's Hospital in town, spends his Sabbaths and a large portion of his time during the week in the Home.

The services conducted by him are—

Sunday.—Mass, 6.55 a. m. ; high mass and sermon, 9 a. m. ; vespers and benediction, 2.45 p. m.

Holidays.—High mass and sermon, 7.30 a. m.

Wednesday evening.—Rosary and night prayers.

Thursday.—Mass, 7.30 a. m.

Saturday.—Confession, 2 to 5 and after supper.

As heretofore reported, there are three societies closely connected with the Catholic Church in the Home: the Purgatorian Society, Society for the Propagation of the Faith, and the Diocesan Fund Society. The Hibernian Society, though composed exclusively of Catholics, can hardly be termed a religious society.

The early Sunday mass service is a convenience to many, who, from various hindrance, find a difficulty in assisting at longer services ; these services continuing only half an hour.

ANNUAL REPORT OF NORTHWESTERN BRANCH NATIONAL HOME FOR  
DISABLED VOLUNTEER SOLDIERS FOR THE YEAR ENDING JUNE 30, 1887.

NORTHWESTERN BRANCH,  
NATIONAL HOME DISABLED VOLUNTEER SOLDIERS,  
September 3, 1887.

GENERAL : I have the honor to submit the following report of this branch for the year ending June 30, 1887 :

A new barrack has been erected during the past year, and will accommodate three hundred members. It is a great improvement upon the previous buildings erected at this branch.

An electric plant, capable of supplying two hundred lamps, has been added to the illuminating facilities of this branch, and adds greatly to the convenience and comfort of the members.

A new artesian well, furnishing 100 gallons of water a minute, has been dug, and is in satisfactory working order.

In accordance with the letter in relation to clothing of the president of the Board of Managers, dated Hartford, Conn., April 4, 1887, I recommend the following allowance be made : Every nine months, dating from second issue (three months after admission), one pair of trousers, one blouse, one vest, and one pair of shoes; one shirt every four months; three pair of socks every four months; one dress-coat every two years. Many of the members prefer wearing the dress-coat in cold weather instead of the overcoat.

This morning's report shows 1,437 members present; 481 members on furlough; 97 vacant beds. The number of beds can be increased somewhat, but not enough to accommodate all who will apply during the ensuing winter.

Respectfully, yours,

J. SHARPE,  
Governor.

General M. T. McMAHON,  
Secretary Board of Managers,  
National Home Disabled Volunteer Soldiers.

Statement of expenditures and receipts of Northwestern Branch of National Home for

SANITARY REGULATIONS.

General Orders No. 19, dated May 9, 1875, requires each member to take a bath at least once a week, which has been carried out during the year with results beneficial to their health and cleanliness.

RELIGION AND SOCIETIES.

The Protestant Episcopal chaplain, Rev. C. L. Mallory, reports as follows:

I have the honor to report the performance of the following official duties as chaplain for the year ending June 30, 1887.

With the exception of two Sundays, when away on leave, I have conducted service and preached on each Lord's Day in the chapel of the Home, and for six months in the year I have once each week held an evening service and delivered an address or sermon. These services, both on Sundays and week days, have been well attended. I have celebrated the Holy Communion 18 times, officiated at the burial of 51 members, baptized 6 children of officers and members, and prepared and presented 4 members for confirmation. I have visited the hospital and convalescent ward frequently, and ministered to such members as desired my services.

The Sunday-school under my direction, composed largely of children from the families of members on or near the Home grounds, numbers 60 pupils and 7 teachers.

The offerings at the chapel services, all being devoted to charitable and missionary objects, have amounted to \$136.41.

All of which is respectfully submitted.

Report of the Roman Catholic chaplain, Rev. C. J. Leib, S. J. :

I herewith submit to you my report of the transactions and operations in my department during the fiscal year ending June 30, 1887. Following in the footsteps of my predecessor, I attended the Home regularly every Saturday evening and Sunday morning. Besides, I paid a number of visits to the inmates, and was called to attend 50 funerals during the year.

I cheerfully bear witness to the genuine religious spirit of a great number of the members who were under my spiritual charge, of whom from 200 to 300 were present at all regular exercises.

I visited the hospital, going through all the sick wards twice a week, to offer spiritual consolation to the invalid veterans, and I repeatedly passed through the convalescent and insane wards. As the fruit of my labors, I have the satisfaction to state that during the year there were 4,433 administrations of the sacrament of penance and 4,421 administrations of the sacrament of Holy Communion.

I take great pleasure in acknowledging the uniform kindness which I have experienced at the hands of all the officers of the Home.

SOCIETIES.

A post of the "Grand Army of the Republic," known as Veteran Post No. 8, has been maintained at this branch during the year by members of the Home. They hold weekly meetings in a room set apart for that purpose.

EASTERN BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

TOGUS, ME., August, 20, 1887.

GENERAL: I have the honor to submit the following report of this branch for the year ending June 30, 1887:

| 1886.....  | 1,729 |
| 1887.....  | 1,866 |
| Increase of membership during year ending June 30, 1887..... | 138   |

BARRACKS.

During the fall of 1886 a new barrack in connection with the hospital was erected capable of accommodating 96 men, yet during the following spring quite a number of members were compelled to sleep on the floors. That this is a great hardship is self-evident, especially when the severity of the climate is considered. From the 1st of July last to the time of writing this report (August 20), the increase in membership has been 69, a much larger number than is usual during the warm months, notwithstanding the large number absent on furlough, many of whom will return before November 1. We have men sleeping on the floors, the only vacant beds being in the hospital.

The applications for membership are increasing every week, and it seems desirable that some action be taken, either by increasing the barrack accommodations, or instructions that no more applications can be considered.

HOSPITAL.

The new barracks for convalescents, erected in connection with the hospital, relieved it in some measure from the pressure caused by the increasing number of members who need hospital accommodations and food, but I can not too strongly urge the necessity of a first-class hospital building, equal in some respects to those furnished the other branches.

HEALTH.

Our report is very gratifying as showing a decided decrease in the percentage of deaths in comparison with last year. This is due in some measure to the enlargement of hospital accommodations, with improved sanitary conditions, and to judicious management on the part of the surgeons.

The Home, since it was established, has been almost entirely free from "epidemics," the deaths being caused by diseases which are the result of exposure and dissipation and from old age. The number of insane men is constantly increasing.

LIBRARY.

Number of books in library, 6,514, an increase of 268 since last report, mostly works of fiction, which are sought for so constantly that it is

demonstrated that with but few exceptions the men seek amusement rather than an increase of knowledge and culture. Our reading-room is supplied with 177 daily and weekly papers and 39 magazines.

#### RELIGION.

The statements of Chaplains Wells and McCarthy are incorporated in this report. The Catholics in this branch have always been regular in their attendance at the usual Sunday and special services required by that church, and the place of worship is generally filled to overflowing. Rev. McCarthy is earnest, and devoted in his care for the spiritual welfare of the members who believe in the Catholic faith; his work in the hospital is very constant and his ministrations to the sick and dying helpful and valuable. I have to acknowledge his earnest co-operation in my labors in the interest of temperance and sobriety.

#### CLOTHING.

The allowance of clothing, with the exception of undershirts, socks, and shoes, is, on the average, amply sufficient for the wants of the men. Many persons who are improvident and incapable of taking proper care of their clothing are supplied by extra issues from the second-hand material that has been "turned in" by men leaving the Home.

The allowance of undershirts could be increased with great advantage to the members as far as comfort is concerned. During the very cold weather the requests are constant for additional undershirts, especially by the very old men, who wish to wear two shirts at a time to keep comfortable. I am of the opinion that the allowance of socks should be doubled.

The shoes which have been furnished the past year are of improved form and very comfortable to the wearer, but the allowance is not sufficient, and I would suggest that it be increased one-third, or what would be better in this climate, that a pair of boots be furnished for use during the winter and spring months. We are compelled to make repeated details of men during the winter to remove the snow, which accumulates in large quantities, and the present style of shoes are but a poor protection to the feet in such cases.

Respectfully submitted.

SANITARY REGULATIONS.

Under existing orders members of the Home are required to bathe once each week. This rule is generally adhered to, the exception being in certain cases, when the surgeons are of the opinion that bathing might be injurious rather than beneficial. There is considerable difficulty in regulating this matter, especially in the cold weather, and in some cases, without doubt, the sudden change from a warm bath to cold draughts has resulted in sickness. Many lack discretion and require constant attention that this danger may be avoided. The arrangements made with the Augusta Water Company for supplying the Home with water will relieve us of the inconvenience we have suffered heretofore on account of our limited resources in this respect.

RELIGION AND SOCIETIES.

Rev. C. L. Wells, Protestant Episcopal chaplain, reports as follows:

"Regular services have been held each Sunday afternoon, with two exceptions, when the inclemency of the weather and the impassableness of the roads rendered it impossible for me to reach Togus. I have read the burial service at the burial of all, except Roman Catholics, who have been buried at the Home, with one exception, when the impassableness of the roads made it impossible for me to go out from Gardiner. The Holy Communion has been administered both in public and in private, and the men have been visited, particularly in the hospital, as much as possible.

"The building of a chapel, which shall be wholly devoted to religious purposes, is of great advantage, for it has been needed very much, and when completed will be of the utmost service.

"The congregations, which have steadily increased in numbers and in interest, will be, undoubtedly, still further improved when the services are held in the new chapel.

"With the increased members at the Home the demands upon the chaplain's time and interest increase, and opportunities for good, which must of necessity be neglected, continue to make the need of a resident chaplain more and more felt.

"I sincerely hope, for the welfare of the men and the larger good that would be done in every way, that this matter will receive early and favorable attention."

# 106 NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS.

Rev. J. M. McCarty, Catholic chaplain, reports as follows :

"Catholic services at the Home are held with the usual regularity and are well attended. My labors at the Home, among its members, demand a large share of my attention and my congregation continues to increase in numbers and in interest."

"I am thankful to the management and officers of the Home for their kind assistance in my work."

There are two societies, as follows:

Cutler Post No. 48, Department of Maine, G. A. R. ; 195 members in good standing.  
Veteran's Lodge, I. O. of G. T. ; 38 members.

ANNUAL REPORT OF SOUTHERN BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1887.

SOUTHERN BRANCH, NATIONAL HOME  
FOR DISABLED VOLUNTEER SOLDIERS

August 26, 1887.

GENERAL: I have the honor to submit the following report of this branch for the year ending June 30, 1887 :

Improvements authorized by Congress to relieve the overcrowded condition of this branch have been pushed and are fast approaching completion, but the increase in membership still keeps pace with efforts to provide room, as shown by the following figures:

|   |                  |

The southwest wing of hospital is completed. Two new hospital barracks are finished. The new brick latrine is ready for use; it greatly improves the sanitary condition of the Home. A brick boiler-house with ten boilers and a chimney 150 feet in height is in working order; it increases steam capacity from 350 to 500 horse-power, but has not increased in proportion to the heating surface, and when unfinished barracks are ready for occupancy more steam-power will be needed. Gas-power has been raised from 500 to 1,500 burners. Two wells have been dug, but the supply of fresh water is still insufficient. Salt water is used in the latrine and water-closets on first floors, but it can not be successfully introduced into upper stories. A new lavatory has been built for Companies F and G; it joins their barracks. The system of sewerage has been completed. Considerable extension has been made to southeastern end of breakwater. The much-needed chapel will soon be commenced, and the new commissary building will be finished in a few weeks.

This Home, fronting the historic waters of Hampton Roads, is noted for the natural beauty of its location, and both beauty and value of grounds have been greatly increased by the recent improvements described. Work has been done in a substantial manner, but in harmony with surroundings, so that nature and art combine to make it a most beautiful spot. That this fact is appreciated is evident from the great increase in visits received from tourists and excursion parties whose present numbers greatly exceed those of preceding years.

A breakwater and wharf at the landing, and also a laundry, are among the future wants of this branch. Our old breakwater has been much eaten by *teredo*, and the wharf is now undermined from the same cause. Many piles have rotted away and neither breakwater nor wharf can last but a short time longer. A new laundry is also urgently needed. No appropriation has ever been asked for or made for this purpose. It is now required, with a complete equipment of machinery, so that it will have a capacity to accommodate 2,500 members.

I think the behavior and discipline of members as good as it ever has been, and a report is deemed unnecessary beyond stating that it is all I can expect and far above the average, as compared with the same number of men of like social condition in civil life. The ability and executive qualities of the treasurer and surgeon are well known to the Board of Managers. They have promptly co-operated in all efforts to

promote the welfare of Home and members. The chief engineer has his department well in hand and thoroughly systematized. The *morale* and good order of this branch will continue to be maintained if its non-commissioned officers are as faithful to their duties in the future as they have been in the past.

The surgeon says there has been during the year no prevailing disease amongst the members of this branch and but very little acute disease; nearly all the illness having been of a chronic character. The two detached wards just completed prove very convenient and every way satisfactory, but in winter a covered walk will be needed from them to the dining-room.

#### CLOTHING.

The following recommendations as to allowance of clothing to members are submitted in compliance with instructions received from president Board of Managers, April 4, 1887. They embody suggestions from the treasurer and surgeon.

If a second blouse were allowed to working men six months after admission, with permission to retain the first, and a third issue made one year after the second, the general appearance of the entire command would be much improved without encouraging needless waste. Blouses can rarely be kept in condition by this class of members for a full year.

The issue of flannel drawers should be increased to two pairs at second issue and three pairs thereafter. In the great majority of cases they become completely worn out at the crotch long before members are entitled to a new issue.

The allowance of trousers is believed to be insufficient. The issue of a third pair six months after the second and a pair every nine months thereafter is recommended. Most members not under surgeon's care are detailed for various kinds of fatigue duty which makes it impossible for the more able-bodied to keep their trousers in presentable condition beyond the first month, and a large proportion of those who are unable to perform any duty are afflicted with ailments which make it quite impossible to wear them continuously for the first three months.

It does not appear to me that an issue of one pair of shoes to each member once in nine months would be unreasonable. The members in general and employed men in particular appear to be unable to make their shoes last through the period laid down in the clothing regulations.

I do not think the socks can be worn three months, and six pairs per year (after the first two issues) would be reasonable.

It is recommended that a vest be allowed at first issue. Much complaint is made of discomfort by men admitted during the fall and winter months, particularly by those who can not obtain overcoats.

The surgeon says: "It has occurred to me that another pair of stockings a year would be useful, especially for members who can not mend. I do not think new dress-coats should be issued to patients in hospital, and to but very few in convalescent company. Second-hand dress-coats for constant wear in winter I have found very useful for old men who are very sensitive to cold."

#### RULES AND REGULATIONS.

The homes have increased to such proportions that in order to prevent confusion in business transactions between them a uniform following of rules and regulations has become a necessity. This would be greatly facilitated if the Inspector-General, together with the governors

of the several branches, were required to meet in council at least once a year for the purpose of harmonizing any difference in views that may arise. I therefore recommend that a council to consist of the Inspector-General and governors be ordered to sit at times and places to be designated for the purpose stated.

Respectfully,

P. T. WOODFIN,  
Governor.

General WM. B. FRANKLIN,  
President Board of Managers,  
National Home for Disabled Volunteer Soldiers.

SANITARY REGULATIONS.

The system to promote hygiene and cleanliness is nearly perfect in all departments except the laundry. Grounds are thoroughly policed and inspected every morning, unless, as in rare cases, stormy weather prevents. Any neglect of cleanliness is reported to the governor without delay, and promptly remedied. All sewerage is now discharged by pumps, to a point 100 feet below average low tide; it is always pumped out two hours after high tide—when the tide is running out strongest under force sufficient to pulverize and liquefy any solid matter. The water-closets formerly located on Jones Creek have been removed. This branch is equipped with the bathing facilities of a first-class watering place, but owing to increased membership they have become inadequate. It has a commodious salt water bath-house, open at all hours, and during the summer months generally crowded to its utmost capacity. Quite a number of the more able members resort to Buckroe Beach for surf-bathing, where the Home farm fronts one of the finest surf beaches on the coast. There are fresh-water, hot, and cold bath-rooms on every floor of the main building and hospital, and also in barracks; a bath-tub is located in the boiler-house to which firemen have access at all times, and which Home mechanics are allowed to use on application to the chief engineer. The supply of fresh water is limited, however, and this, with the rapid increase in membership, is causing the need of increased bathing accommodations. Home rules require members to bathe at least once a week, unless excused

by the surgeon; there are practically no violations, bathing being considered one of the Home benefits. Members are required to change their underclothing weekly. Soiled articles are turned into the laundry for washing; a change at least twice a week would be advantageous, but the laundry has never been enlarged since first built, and is inadequate to supply the present needs of members.

RELIGION AND SOCIETIES.

Religious services have been held regularly twice every Sunday, either in the library or Ward Memorial Hall, under the direction of several clergymen, who also have charge of churches located in the vicinity. They attend funerals to the grave and minister to the spiritual wants of the sick and dying. The Roman Catholic chaplain reports the condition of his charge as very satisfactory, the number attending divine service is steadily increasing, and members, with few exceptions, meet all his expectations; no material change so far as attendance is concerned is reported by chaplains of the Episcopalian, Presbyterian, Methodist, and Baptist denominations. Since last report it has been about up to the average of previous years. It is reasonable to expect an increase of religious interest on the part of members, when the new chapel (soon to be commenced) is completed. The Grand Army of the Republic have two posts—3 and 16—in the Home, both in flourishing condition, although called upon to perform the main charity work of this department. A lodge of Good Templars is also organized, and holds weekly meetings, with a membership of 171.

ANNUAL REPORT OF WESTERN BRANCH, NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS, FOR THE YEAR ENDING JUNE 30, 1887.

WESTERN BRANCH, NATIONAL HOME,  
DISABLED VOLUNTEER SOLDIERS,  
August 17, 1887.

GENERAL: I have the honor to submit the following report of this branch for the year ending June 30, 1887:

By reference to figures on page 11, it will be seen that the whole number cared for at this branch during the fiscal year ending June 30, 1887, was 1,831, a gain of 1,303 during the year; of this number 964 were original admissions. These have come to us as fast as we could provide for them, and for a time during the past winter every available space was occupied with beds. Two additional barracks have been completed during the year, and it is thought that we shall be able to comfortably lodge all who may come in during the coming winter. Our sick, of whom we have had a large number, are quartered in one of the barracks buildings, and have not had as good accommodations as it was desired they should have. Our new hospital is now in course of construction, and when finished will give ample room and facilities to properly care for those needing medical attendance.

NATIONAL HOME FOR DISABLED VOLUNTEER SOLDIERS. 121

Our sanitary regulations are all that could be desired, and the health of the camp has been most gratifying, many who have come here in a broken-down condition so far recovering as to go out on furlough and earn their own support, as shown by the large number (389) absent with leave. Constant work in clearing, grading, and ornamenting the grounds is beginning to show its effect, and what a year ago was scarcely less than a wild and trackless waste now assumes the appearance of a great park, where broad avenues, shady groves, refreshing springs, and pure air are attractions already sufficient to bring large numbers of visitors.

Through the generous responses to a circular letter asking for books we have received over 4,000 volumes of well-bound and entertaining works. These have been catalogued and placed at the disposal of the members. Other amusements should, and will, be provided as soon as funds accumulate sufficient for the purpose.

The discipline of the camp has been most excellent, and a more peaceable and orderly community of its numbers it would be difficult indeed to find.

Very respectfully,

ANDREW J. SMITH,  
Governor.

General W. B. FRANKLIN,  
President Board of Managers,  
National Home Disabled Volunteer Soldiers.

## ALLOWANCE OF CLOTHING.

In February last, observing that the regular issue of socks (six pairs per annum to each member) was insufficient for their needs, application was made to the president of the Board of Managers for authority to increase the number. The matter was referred to the inspector-general of the Home with discretionary power; and he, under date of March 5, 1887, authorized me to increase the allowance to nine, and in case I found it necessary to twelve, pairs per annum, care being exercised to learn if the nine pairs were insufficient before increasing the issue beyond that number. It is found that the issue at the rate of nine pairs is sufficient, and that no increase beyond that number will be required. The results from the increase made have been most satisfactory, and under the authority given I will continue the allowance of nine pairs per member per annum.

The allowance of all other clothing to members of the Home, under regulations now in force, appears to be sufficient for their needs; and no recommendation for change is made.

### SANITARY REGULATIONS.

Every barrack being supplied with two bath-rooms, each furnished with both hot and cold water, gives ample accommodations for members to bathe, which they do regularly once a week, and oftener if occasion requires. In addition to this, four large and commodious wash-rooms to each barrack, having hot and cold water, sinks, and all appliances for convenience, are at the disposal of the members at all times, insuring the utmost cleanliness both in regard to quarters and person, the good effects of which are very noticeable in those barracks set apart for convalescents, many of whom recover reasonable health and strength in an incredibly short time.

### RELIGION AND SOCIETIES.

Since religious services have been held in Amusement Hall they have been more fully attended. Divine service has been observed regularly during the year, with a continually increasing interest on the part of the members of the Home. In addition to regular Sunday service, prayer meetings have been held once a week. A Christian association has been formed for work, after the manner of the Y. M. C. A., and hold meetings every Thursday and Saturday, with very encouraging results. The chaplain has made one hundred and sixty-three visits to the hospital during the year, holding personal conversation with over four hundred members; besides this, numerous special visits and calls have been made at hospital and in quarters; he has also attended and conducted the services of fifty-four funerals.

Catholic services have also been held weekly, with good results.

Brennan Post, G. A. R., from a membership of twenty-four a year ago, has increased its roll to one hundred and two, and now includes among its numbers some of the best members of the Home.
